

HARDING GREETED WITH CHEERS AND SONG IN ST. LOUIS

Was Climax to Successful Invasion
of South

NOMINEE DISCUSSES COAL SITUATION

ST. LOUIS, Mo., Oct. 16.—Before a crowd which overflowed the big St. Louis coliseum and greeted him with a roar of cheering and singing while he lasted more than a half hour, Senator Harding tonight closed his last extensive speaking trip with an address in which he coupled condemnation of embarrassing foreign political entanglements with a plea for extension of the nation's foreign trade and commerce.

Again arraigning the Democratic administration the Republican presidential nominee declared in the last few years there had been too much of "meddling" in Europe and too little of trade cooperation with Latin-America and other lands holding out promise for commercial enterprise.

The night meeting was the climax of one of the candidate's most strenuous days of campaigning during which he ran the whole scale of issues in a dozen speeches in Indiana and Illinois. The league of nations had a prominent place in his utterances, the nominee replying at length to criticism of his proposal for a new world association.

To a crowd at Greencastle, Ind., he asserted that a "spokesman" of France had been sent to him to ask that America lead the way in the formation of a world association and at Effingham, Ill., he quoted a similar declaration by Stephen Lausanne, the French publicist.

Discussed Coal Situation

Among the domestic issues he discussed was the coal situation. To a crowd of several thousands at Terre Haute, Ind., he charged that the administration had set aside provisions of the Cummins-Esch railway bill under which coal carriers might be so allotted as to insure equitable shipping conditions and prevent much of the present idleness among miners. In all of his speeches he asked for a Republican congress to assure team work in the national government and to make certain of a complete reversal of Democratic policies and practices.

In his Greencastle reference to an emissary of France the nominee did not explain when or from whom the French request had come.

He added that Lloyd George and Earl Grey had publicly spoken for American leadership in revising the league covenant.

"The quotation from Lausanne contained the declaration that the French people were ready to give up the league covenant, if necessary, to insure America's moral leadership."

"That's the tribute," said Senator Harding, "of one of the nations whom the Democratic nominee says we are trying to desert."

WAVERLY CITIZENS PLAN MEETING FOR I. C.

Considerable interest has been manifested by the friends of Illinois College in Waverly in the banquet which will be given in the Congregational church Thursday evening, October 21, at six o'clock. Dr. Stanton Olinger of New York City will be the chief speaker. A quartet from the College Glee Club will sing, and Miss Eloise Capps of the Conservatory will give some selections on the violin. There will also be some music singing. No solicitation of subscriptions is made at these meetings but an effort is made to interest the people in the cause of Christian education and in the plans for the development of Illinois College.

Mrs. Frank H. Huth is chairman of the committee of ladies which will serve the supper. The committee of citizens who are in general charge of the meeting consists of the following: C. F. Wemple, A. C. Moffett, W. R. Turnbull, W. B. Curtis, Fred E. Deatherage, W. H. Rohrer, Wilbur Wemple, W. H. Fuller, Wilson Smith and C. A. Carter.

Waverly was the birthplace and early home of President Tanner. The ties between the town and college are many and intimate. It was Dr. Sturtevant, the first instructor in the college, who helped to organize the Congregational church of Waverly.

U. C. T. HELD MEETING LAST NIGHT

The Jacksonville Council U. C. T. No. 182 held a meeting last night. A large number of members were present and all officers were present. Three new candidates were taken into membership in the society. They were, G. B. Gaskin, representing Marshall Field and Company, Ray Ferguson, representing Bell-Knap Hardware Company, and Norbert Hagel, representing Swift and Company, of this city.

BODY OF MISSING MESSENGER FOUND IN JERSEY WOODS

Had Ten Thousand in Cash When He Disappeared

APPEARED BODY ONLY BURIED RECENTLY

CAMDEN, N. J., Oct. 16.—The mystery surrounding the disappearance of Davis S. Paul on October 4 while, as messenger for the Broadway Trust company of Camden he was taking \$10,000 in cash and \$12,500 in checks to a Philadelphia bank was partly solved today by the finding of his body buried beneath a foot of earth in a lonely spot in the Burlington county pine belt. The discovery supports the suspicion held by the police at the time of his disappearance that Paul was probably kidnaped, murdered and robbed.

The body was found by hunters and indications were that it had been buried only yesterday.

No money was found on the body but all the checks were intact in a pocket of the coat. Paul's watch and chain, his gold ring and gold cuff buttons also were found on the body.

SUSPECT ARRESTED IN CARUSO JEWEL ROBBERY CASE

Harry Toback, Salesman, is Arrested in New York

ADmits POSSESSION OF SOME OF GEMS

NEW YORK, Oct. 16.—Harry C. Toback, a salesman of Brooklyn, was arrested here tonight charged with having committed the half million dollar jewel theft from the home of Enrico Caruso, which aroused world-wide interest several months ago.

According to the police Toback has admitted possession of some of the stolen gems, the original disappearance of which from the Metropolitan opera tenor's country home at East Hampton, Long Island, caused suspicion to be thrown on Caruso's chauffeur who was arrested but later released for lack of evidence.

Officials at headquarters were elated over the arrest, predicting that they were about to raise the curtain of mystery which thus far has shrouded the disappearance of the jewels.

MISS RICE IS BRIDE OF HARRY L. GILLHAM

Marriage of Miss Florence Rice and Harry L. Gillham Occurred Saturday Night—Will Reside in Indianapolis.

At a simple but impressive wedding ceremony Harry L. Gillham of Indianapolis and Miss Mary Florence Rice of this city were united in marriage Saturday night.

The ceremony took place at the home of the bride's parents, Mr. and Mrs. A. C. Rice, 861 West College avenue, and was performed by Rev. M. L. Pontius, pastor of Central Christian church, assisted by Rev. T. H. Tull, pastor of Grace M. E. church. The impressive ring service was used and the company present included the relatives and a few intimate friends of the young couple.

Preceding the ceremony Mrs. Carl E. Robinson sang, "Because" and "O Promise Me." Miss Grace Gillham, sister of the groom, played the wedding march from Lohengrin as the bride and groom stood before the minister.

The bride wore a gown of white georgette crepe with silver trimmings, and carried a shower bouquet of bride's roses.

The house was prettily decorated for the occasion, white chrysanthemums and ferns being used in the parlor and pink roses in the dining room. Following the ceremony a wedding supper was served with Mr. and Mrs. E. C. Vickery catering.

The bride is the only daughter of Mr. and Mrs. A. C. Rice and has spent practically all of her life in this city. She is a graduate of Illinois college and a young woman of many graces. Mrs. Gillham is a member of Central Christian church and has been active in various lines of church work.

Mr. Gillham is a son of James C. Gillham and the late Mrs. Letitia Fry Gillham, and thus belongs to one of the old and prominent families of the county. He is state manager in Indiana of Wilson & Co., of Chicago, with offices at Indianapolis, Ind., an excellent business man of fine character.

Mr. and Mrs. Gillham left last night for Indianapolis, where they will make their home. They carry with them the best wishes of a host of friends.

MINERS STRIKE IN ENGLAND TURNS OUT MANY OTHERS

Great Britain Faces
Great Industrial
Upheaval

HOUSEWIVES LAY IN PROVISIONS

LONDON, Oct. 16.—(By The Associated Press.)—With a million miners out of the pits tonight, thousands of dock and industrial workers already out of employment as a consequence and the transport workers and railroad men called to meet soon to discuss sympathetic strike, Great Britain faces one of the greatest industrial upheavals in its history in the opinion of labor and political leaders who discussed the situation today.

Reports from all industrial centers tonight are not reassuring, while Port officials say that shipping will be tied up within a week. The most hopeful message came from Sheffield, where, it is believed there is enough coal to last three weeks. At other centers one week's supply is the limit.

The statement that the miners' strike against the advice of some of their leaders was confirmed to many who left the pits. They said they did not understand that voting against the "Datum Line" meant a strike and it is clear that a great many misunderstand the "unfortunate phrase," as A. J. Thomas, secretary of the national union of railwaymen called it in a speech. Mr. Thomas admonished railroaders to listen to the advice of their leaders which would be given after the meeting of the delegates Wednesday.

A different note was struck however, by the South Wales branch of the miners' federation which called a meeting for next Friday to recommend that if the strike was not settled by October 30, the pumpmen and other employees working at work should be called out. It is indicated tonight that Premier Lloyd George will take no hand in the matter before Tuesday when parliament meets and undoubtedly will discuss the situation. No disturbances are reported and no troops have been sent to the mining centers, but they are held in readiness.

London's few electric signs and window displays are dark tonight by order of the coal controller and the races for which special trains are usually operated have been cancelled for next week.

Notwithstanding the food ministry's assurance that there will be plenty of food even tho the strike last some time, London provisioners report that housewives are laying in supplies. The sugar ration will be cut fifty per cent Monday.

RURAL MAIL MEN AT CONFERENCE

Four County Event Held Saturday Night in Murrayville—Congressman Rainey Made Address.

Rural mail carriers from the counties of Morgan, Greene, Cass and Scott held a meeting Saturday night at Murrayville. It was largely attended and a very interesting event. The session was in the Methodist church and local committees had forgotten nothing in making their arrangements. A fine supper was served and afterward came the program with an address by Congressman Rainey.

All joined in singing America and the invocation was by Rev. J. C. Bell. Other numbers on the program were:

Piano duet—Mrs. C. R. Short and Miss Mildred Wright.

What Do I Get Out of the Service—William Gibbons.

How Can I Give the Best Service—Leonard Branson.

What Are Some of Our Great Pleasures—Earl Nelson.

Whistling Solo—Jane Wright.

Quartet—Messrs. Beadles, Wright, Short and Wright.

Why Should the Organization Be 100 Per Cent—Otto Henry and Harold Marsh.

Reading—Jane Wright.

The ever absorbing question of good roads was discussed by several of the carriers, in addition to LeRoy Craig and Vincent Riley. Afterward Congressman Henry Rainey delivered an address. Altogether it was a very helpful and interesting gathering.

WILL FOLD CONFERENCE

A conference of the district and county chairmen of the Republican women of Illinois will be held at the Leland hotel in Springfield Monday with Mrs. F. B. Griffin of Grant Park presiding. Mrs. J. J. Reeve, who is chairman of the 20th district, will attend. The other similar conferences planned for the coming days are: Oct. 21, afternoon and night, Carrollton; Oct. 22, afternoon and night, Mt. Sterling; Monday, Oct. 23, at Havana. The last-mentioned is a general conference for both Republican men and women.

Rotarians from All Over The State Visit U. of I.

CHAMPAIGN, Ill., Oct. 16.—The annual income of the University of Illinois must be doubled if the institution is to return to its pre-war condition, President David Kinley declared tonight in an address before 600 Rotarians from all over the state who spent the day visiting the University.

The university's income now is about \$2,500,000. President Kinley said while \$5,000,000 annually is needed primarily because of the increase in expenses and to install badly needed equipment and for salaries.

"University professors are finding they can make more than double their college pay in outside work and are leaving for other fields," said President Kinley. "In the face of this the number of students has increased fifty per cent since before the war. The university's material equipment has not increased, the research work has been greatly curtailed and the extension service further reduced. With the prospect of for even greater numbers of students in future years the only answers to the problem are: Larger appropriations and more equipment."

HOPES BAGGAGE OF DIPLOMATS WILL NOT BE SEARCHED

Mixes Things Up When Formal Statement is Issued

VOLSTEAD ACT WITHDRAWS EXEMPTION

WASHINGTON, Oct. 16.—(By The Associated Press.)—Disclosure of a new prohibition snarl in which three government department members of the diplomatic corps are involved was made today when the state department issued a formal statement saying it "assumes that no official of the government would attempt to pry into the baggage of a foreign diplomatic officer."

The unusual course of the state department in making what appeared to be a public appeal to other government officials was adopted it was learned, after the treasury had amended custom regulations so as to require the baggage of diplomats to be examined and liquor removed.

Back of the action of the treasury, it was also disclosed, was an opinion rendered by the attorney general. It was not made public that the exemption from customs duty which is granted to baggage of diplomats was withdrawn by the treasury, but was said to hold that the Volstead examination of their baggage heretofore accorded as a matter of international courtesy.

WILL MEET TO DISCUSS MILITIA

Committee Arranges for Mass Meeting and Smoker Tuesday Night

On action taken in the course of the next two days depends whether or not Jacksonville is to have a military company. Enlistments thus far are of such number that but twenty more are necessary to make the company certain. Captain Noonan of the adjutant general's office was here recently and explained that the young men who belong to the National Guard and later attend the University of Illinois can have their services with the National Guard credited upon the military training required at the University. Under present rules, an allowance of \$1 is made for each drill to members of the company.

Henry Frisch is chairman of the committee appointed by Mayor Crabtree to foster the organization of the company here—that is, to assist in securing a sufficient number of young men to fill the quota. A mass meeting and smoker has been called by Mr. Frisch, acting for the committee, for Tuesday night, Oct. 19, at the court house. At that time it is hoped that enough names can be enrolled to make the organization of the company certain.

Decatur, Danville, Champaign, Quincy, Canton, Hillsboro and other cities and towns have joined in this movement and have encouraged the young men to enlist in the much needed organization. Merchants and other employers here have told the young men in their employ that when on guard duty their names will be kept on the payroll.

DeSilva's drum corps will furnish music Tuesday night and arrangements are being made for an enthusiastic gathering. The presence of a military company in a city is a helpful influence for the maintenance of law and order and it will be a desirable thing for the city if the company can be continued here.

SHERIFF SUMMONED TO STRAWN'S CROSSING

Sheriff W. H. Weatherford and his deputies were summoned to Strawn's Crossing last night, a report coming that burglars had entered the home of Joel Strawn there. It seems that someone claimed to have seen strangers walking about in the house, the family all being away at the time. The officers made a search of the house but found nothing out of the ordinary.

DEAF BOY AND HIS DOG KILLED BY TRAIN

Springfield, Ill., Oct. 16.—Tugging at the end of a rope, seven-year-old John Shelton, the pet dog of John Shelton, today urged his master upon the tracks of the Chicago & Alton railway. A moment later they were both dead, caught by the hard roads proposition.

FEDERAL RESERVE BOARD SAYS CREDIT HAS BEEN AVAILABLE

Steadily Available in Agricultural Sections

INCREASE COMMERCIAL PAPER HOLDINGS

WASHINGTON, Oct. 16.—Bank credit "has been steadily available for the successive seasonal requirements of agriculture," according to formal statement issued tonight by the federal reserve board designed as a reply to agricultural organizations, which appealed to the government this week for a further agricultural credit.

Recent disturbances in price and demand which have been manifest in agricultural markets are inevitable and unavoidable consequences of the economic derangements occasioned by the world war, the board's statement said. It added however, that the gradual and regular movement of the crops from producers to consumers was to be expected.

In view of the representations which have recently been made to the board as to the unavailability of credit in agricultural sections the statement said the board re-credits conditions through the country from the chairman and governors of federal reserve banks at their usual autumn conference here this week.

Credit Has Been Available. "The board is advised that credit has been steadily available for the successive seasonal requirements of agriculture as well as for the needs of commerce and industry and that there is no ground for expecting that its availability for these purposes will not continue. The present improved credit situation is due in part to the timely steps taken late last spring following conferences between the board and governors and directors of federal reserve banks to provide credit for crop moving requirements, and in part to the substantial improvement in transportation reported from all districts except a few localities."

Between January 2 and October 1 of the present year, about \$900 leading member banks from all sections of the country which report their condition to the board weekly, and he present approximately seventy per cent of member bank resources have increased their loans for agricultural, industrial and commercial purposes by an amount exceeding \$1,800,000,000. This great increase in the credit extended to their customers in the main been made possible by the accommodation extended member banks by the federal reserve banks.

Banks Increase Holdings. "During the same period the twelve federal reserve banks have increased their holdings of agricultural and commercial paper by more than \$500,000,000 and from January 23 to Oct. 1, 1920, increased their issues of federal reserve notes by over \$460,000,000. At the same time, federal reserve banks in agricultural and livestock districts by means of discounts, aggregating on October 1 over \$225,000,000.

"The disturbances on price and demand which have recently manifested themselves in markets for various agricultural and other commodities, not only in the United States but in other countries as well are inevitable and unavoidable consequences of the economic derangements occasioned by the world war. The United States continues to have little volume of exports, although foreign demand for certain agricultural staples has somewhat decreased.

"But chief market for our raw and manufactured products is at home and our present huge crops of immense value may be expected gradually and in regular course to move from producers to consumers. The recent census, reckoning our population at 105,000,000 emphasizes anew our own capacity as consumers irrespective of the demands of other countries."

SOCIAL DOMESTIC SCIENCE CLUB MET. The Social Domestic Science club met Friday afternoon with Mrs. Mary Robinson on Anna street. Mrs. Payne McCreavey of Chicago was among the out of town guests, and she made a brief talk on the need of spiritual work in the community.

Mrs. Robinson was assisted by Mrs. N. J. Blue, Mrs. Jane Carter, Mrs. Lulu Harris. Excellent refreshments were served during the afternoon.

The next meeting of the club will be held on the third Friday in November with Mrs. Amelia Sharp at her home on South Fayette street.

GRACE CHURCH MESSENGER COMES FROM THE PRESS

The first edition of the Grace Church Messenger has just come from the press and is being mailed to the members. The paper contains much of interest to the members and friends of the church.

HUNGER STRIKERS RECEIVE NO FOOD JAILER AVERS

Says Visitors to Jail Are All Carefully Searched

ENGLISH SAYS N. Y. DOCTORS DON'T KNOW

CORK, Oct. 16.—The eleven hunger strikers in Cork jail entered today upon the sixty-seventh day of their fast in an extremely weakened condition. The nurses experienced difficulty in reviving Murphy, who collapsed twice during the night. The prison officials and doctors are greatly interested in the statement attributed to a number of New York physicians that the hunger strikers were being fed and that it was impossible for man, particularly one of Lord Mayor MacSwiney's build to live sixty days without food.

The governor of the jail, Joseph King, said today:

"To the best of my knowledge and believe the eleven hunger strikers are receiving no nourishment whatever."

Visitors Are Searched. He added that every person visiting the prisoners was carefully searched by special officers before entering the cells. Women attendants searched the women visitors.

Doctors Pearsons and Battiscombe said it was conceivable that morsels of food might escape detection but if eaten by the prisoners would easily be traced by the doctors in making regular examinations.

"What do those New York physicians know about hunger strikers?" the doctors asked and they jointly prepared the following formal statement:

"So far as we know nobody has yet exhaustively studied the physiological processes, including the change in what are known as the internal secretory glands, taking place in a man free from disease and dying solely of starvation and at the same time receiving high skilled up-to-date nursing. Moreover the science of dietetics has by no means reached its final stage. The study of such bodies as vitamins is merely in its infancy."

THOUSANDS OF SOLDIERS MARCH IN NEW YORK CITY

Let Country Know They Want Bonus Question Settled

TOOK TWO HOURS TO PASS GIVEN POINT

NEW YORK, Oct. 16.—Thousands of former sailors, soldiers and marines laid their Muffs aside today and put on uniforms again to let the country know they want the national bonus.

Parading up Fifth Avenue with innumerable flags and more than a score of former military bands, the war veterans formed the largest column of men that has assembled here since the homecoming of various divisions from France. Tens of thousands lined the gaily decorated thoroughfare to view the procession, which required more than two hours in passing one point.

Waving signs and placards, the disabled soldiers who rode in cars made clear what the parade was all about.

"Omit the flowers, say it with a bonus," and "we favor the bonus," were typical of the many banners.

"What we gave cannot be replaced," read another.

JEWEL SEND MESSAGE TO SENATOR HARDING

NEW YORK, Oct. 16.—A message of congratulations and thanks for the stand taken by Senator Harding relative to atrocities against Jews abroad has been sent to the Republican presidential candidate by Judge Gustave Hartman, grand master of the Independent Order of B'nai Abraham.

SENTENCE OF 17 YEAR OLD BOY COMMUTED

Sacramento, Calif., Oct. 16.—The sentence of death imposed on Roy Wolff, for the murder of Elmer Green in Kern county was commuted today by Governor Stevens to life imprisonment. Wolff would have been hanged October 22.

HAROLD H. GROSS DIES IN CHICAGO

Chicago, Oct. 16.—Harold H. Gross, president of the Universal Military Training League, the Tariff Commission League and former head of the Soil Fertility League, died at his home here today, aged 67.

MATTOON MAN KILLED BY EXPLOSION

Mattoon, Ill., Oct. 16.—Charles H. Wilson was shot accidentally at Paradise Lake, near here today and died a few minutes later. Other men were hunting and as he stepped into a boat his gun accidentally exploded.

DECLARES LEAGUE GREATEST ISSUE SINCE CIVIL WAR

Senator Johnson Says is Main Issue of Campaign

FOLLOW WILSON MUST FORSAKE WASHINGTON

CHICAGO, Oct. 16.—Senator Hiram W. Johnson, of California in his first public appearance in Chicago since his defeat for the Republican nomination for president in June tonight said he is willing to declare a truce upon all issues and all men to oppose the league of nations as "the greatest issue in the United States since the Civil War."

Senator Johnson is concluding a speaking tour thru the middle west at the behest of the Republican National Committee. The league as the chief issues of the campaign is clearly defined, Senator Johnson said, the Democrats being on one side and the Republicans on the other. He particularly emphasized the fact that "there is no ambiguity in the stand of the Republican party or in the stand of Mr. Harding on the league of nations."

"The men and newspapers who pretend to be friends of Senator Harding and who assert that he is to take this country into the league of nations do him a distinct dis-service and pay him a sorry compliment. I speak, of course, solely from the public utterances of our candidate and these utterances make it plain beyond cavil that when Senator Harding is president he will not take the United States into the league."

League Menace to Peace. "In his speech of acceptance he characterizes the league as a 'military alliance which menaces peace and threatens all freedom.' He called it the 'supreme blunder' and asserted that he would have 'America free, independent and self-reliant,' but of 'friendship to all the world.' He instance the war between Poland and Russia as 'indeed as what we would have let in for, for the language of Secretary of State Lansing, but for the action of the senate and this Polish-Russian war, he said, 'brought home to us the danger of committing ourselves in advances to causes we know not of.'"

"Again he referred to America as a member of the league as one in a pitiful minority among many states merged in world government, and included himself among those who had opposed what 'we sincerely regarded as a betrayal of our own country. It is so obviously impotent that he voted for reservations and said that conditions had now changed. Experience had brought enlightenment and he solemnly added:

"Could Not Survive Single Test. 'We know now that the league constituted at Versailles is utterly impotent as a preventive of wars. It is so obviously impotent that it has not even been tried. It could not survive a single test. The original league mistakenly conceived and unreasonably insisted upon, has undoubtedly passed beyond the period of restoration. The Maturer judgment of the world will be that it declined to pass for the reason that, contrary to all of the tendencies developed by the civilizing processes of the world it rested upon the power of might, not of right.'"

"I am unable to understand the intellectual processes of individuals who in the teeth of declarations describing the league as a military alliance menacing peace and threatening the supremacy of the United States obviously impotent resting on the power of might not of right, will still insist that the words are meaningless and that Senator Harding intends something else than he says."

"At Marion on September 17, Senator Harding said: 'The constitution of our countrymen, is the paramount issue. The nation cannot follow Woodrow Wilson without forsaking George Washington.'"

"There is of course, but one answer to this and that is that Washington's policy of no entangling alliances is the policy of Senator Harding and that when Harding is president the American policy will be, as ever since we became a nation the policy enunciated by George Washington."

WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Generally fair Sunday and Monday; Moderate temperature.

MR. FRISCH AND HIS CONSTITUENTS.

Jacob Frisch is a candidate for member of the legislature on the Republican ticket in this district. Mr. Frisch has served two terms in the assembly and thru the years has shown an earnest desire to serve the best interests of the state and his district. While Mr. Frisch is a resident of Springfield, he has made it clear that he recognized his obligation to Morgan county as well as to Sangamon. Every Morgan county citizen who has taken any matter up with him relative to legislation or to any business connected with the assembly, has been given a courteous hearing.

Because of this spirit and from the further fact that Mr. Frisch is a man of strong personal

worth, he will poll a large vote from this county Nov. 2. The Illinois Voters League listed Mr. Frisch as a useful member of the house with a good record and he should be returned.

MR. CREEL WILL

DIAGNOSE MEXICO'S TROUBLE
George Creel has gone down into Mexico, presumably to inquire into conditions and tell the administration and the people of the U. S. just what should be done with the Mexican problem. If Mr. Creel had gone on this mission before he served as the head of the government's department of publicity, the public would attach more importance to his observations and reports.

PALMER DIDN'T DO IT

There have been some marked market declines on foodstuffs and other necessities in recent weeks. An all country survey would certainly show lowered living costs. But somehow the public will not credit these up to any activities on the part of Attorney General Palmer or his assistants. Rather, they believe these declines are the result of natural causes or because certain large influences in commercial life have so decreed.

STILL STANDING

ON THE RECORD
State's Attorney Carl E. Robinson, who is a candidate for election, said not long ago that he is before the people standing on

his own record. The facts are that this record was frequently referred to in the primary election contest, and the state's attorney has no objection at all to the calcium light of publicity. Quite probably Mr. Robinson in view of certain charges made against his record, will have something to say on his own account in this regard.

MR. WANNAMAKER IS

COMPETENT TO SERVE
Frank Wannamaker is seeking election as circuit clerk on the Republican ticket. Mr. Wannamaker has spent practically all of his life in this city save for the wartime period when he was in the army service. Mr. Wannamaker has held various clerical positions and has also been in business on his own account with success. He is capable and his record as to personal worth will bear the closest inspection.

Mr. Wannamaker has an understanding of what the duties of the circuit clerk's office are and is entirely competent to perform these duties in a satisfactory way.

DOWN IN THE SOUTH

Down in the south there seems to be an organized campaign for the destruction of cotton gins, probably for the purpose of keeping down the production and thus influencing the price. This movement is right in line with the alleged action of the commission men who a year ago purchased

large quantities of fruits and vegetables in the north country and then permitted them to rot.

"During the 'south in the saddle' days at the national capital, residents of the southern states have become so accustomed to everything being done in their favor, even to the disadvantage of the rest of the country, that it will take them some time to accustom themselves to normal conditions and normal ways of doing."

HAS THEM GUESSING

Senator Reed has the Democratic politicians guessing. He has hired a hall in Kansas City and is to address a mass meeting there at an early date. The senator says he has some public questions that he wants to discuss in an unhampered way.

The Missourian has been described by Senator Kenyon as the most brilliant debater in the senate. He has a fluency of tongue and a charm of rhetoric that make his addresses notable. He has disagreed with the Wilson wing of his party—a fact for which he has suffered severe punishment and it is not to be wondered at that party leaders are now looking out for reprisals.

SHOW DANIELS

CHARGES FALSE.

The falsity of Secretary Daniels' recent charge of packed senate committees is exposed by the Republican Publicity Association in the following:

"The charges which Messrs. Cox and Roosevelt have brought against their opponents have been absurd enough but it remained for Secretary Daniels to reach the climax of ridiculous assertion, 'But for the purchase of a seat in the Senate from Michigan,' declares this ardent Wilsonite. The Republicans could not have organized the Senate; could not have packed the foreign relations committee against the league of nations; could not have packed the finance committee against any reduction of taxes, and could not have packed the other committees against any legislation looking to the reduction of the cost of living."

"Each and every one of those statements is either a misleading insinuation or a deliberate misstatement of fact. In the first place it has never been proven that Mr. Newberry purchased a seat in the Senate. He was convicted solely of expending or having knowledge of the expenditure of more than \$3,750 in his Senatorial campaign; and that conviction is now in process of appeal and may be reversed.

"It is not true that without his vote the Republicans could not have organized the Senate; for they would still have had a majority of one, sufficient to elect senate officers, and choose the chairmen of committees and control their majorities. It is not to be inferred that because the Republicans did organize the Senate they

secured control of legislation thereby. Committees may recommend action of the Senate, but it has been very noticeable in the past few years that the senate as a whole is very independent in accepting, amending, or rejecting the reports of its committees.

"There is no basis for Mr. Daniels' conclusion that because the Foreign Relations Committee recommended certain reservations to the covenant it was therefore 'backed against the league.' But, regardless of the committee's advice, the senate was free at all times to do with the covenant precisely what the majority decreed. Every step in the perfection of the reservations was debated and voted upon as if the Foreign Relations Committee had not existed; and they were finally adopted by every one of the 49 Republicans and 23 of the Democrats.

"Neither is there any reason for Mr. Daniels' charge that the Finance Committee was packed. No sane man would advocate reduction of taxes when a floating debt of \$3,000,000,000 was hanging over the country and growing larger every day. What the Republican Congress did do was to cut \$2,500,000,000 from Democratic estimates of appropriations, thereby preventing further increase of the unbonded debt, paving the way for speedy reduction of it, and making possible reduction in taxes at a much earlier date than would otherwise have been possible."

Rippling Rhymes

By Walt Mason

COMMON BLESSINGS.

Deprived of teeth, I cannot chew, and so I live on liquid glue, and boneless soup and oatmeal mush, and all varieties of slush. Strange longings through my bosom flit, as in the diningroom I sit. My neighbors call for steaks and chops, while I refresh myself with slops; the men and women all around have molars firm and strong and sound; they know no spasms when they eat large slabs of beef and other meat; their laughter fills the diningroom while loaves and fishes they consume; and I sit in a shaded place and pour cheap gruel in my face. And once I had such teeth as theirs, and I could bite the rungs from chairs; and to that boon I gave no heed; all thoughtlessly I used to feed, and never gave a word of thanks for my long fangs in gleaming ranks. We never prize Dame Nature's gifts until rebuking hand she lifts and takes some precious boon away, and then we cry lackaday! The dentist's waiting hard and well, to make me teeth of tortoiseshell; he says he'll have them in my mouth before the wild geese travel south, until which time I'll have to spill into my works all kinds of swill.

FORD CARS

Are owned by many who can afford to pay any price for the things they desire.

We have one to suit any person—The Sedan or the Coupe for real comfort in all weather use.

Touring Cars, Runabouts and Trucks—all Ford products, are always bought because of their known value and their after economies.

LUKEMAN & CONOVER
The Ford Men

Social Events

Entertained For Mrs. Baxter.

Mrs. H. H. Bancroft gave a tea Saturday afternoon at her home, 134 Westminster street, with Mrs. George E. Baxter as the honor guest. The hours from 3 to 6 were very enjoyably spent as the hospitality of the Bancroft home is of the most cordial type. Pink roses were used in the dining room decorations and garden owners lent their beauty to the other rooms.

Miss Leah Tayman Has Birthday Party.

A party was given at the home of Mr. and Mrs. Tayman, 929 West Lafayette avenue in honor of the eleventh birthday of their daughter Leah. About 30 guests were present. Games were played and a general good time enjoyed during the afternoon. Later in the afternoon dainty refreshments were served by the hostess.

Birthday Anniversary.

The birthday anniversary of Mrs. W. H. DeMotte of Prospect street was observed informally Saturday afternoon and evening. Friends of Mrs. DeMotte had been invited by her daughters to visit the DeMotte home, and there they found a gracious welcome awaiting them. The coming of the guests was a surprise to Mrs. DeMotte, but she joined heartily with her daughters, Mrs. R. A. Gates, Mrs. T. P. Carter and Miss Amy DeMotte, in extending hospitality.

The house was prettily decorated with garden flowers and the anniversary observance was in every way happy.

POTATOES! POTATOES!

Do not buy until you see what I have to offer. Due to Saturday's market decline I will sell at \$1.20 per bu. out of car this week. Do not rush—prices may yet be lower. Watch paper for arrival and price.

Mr. and Mrs. Frank Long of the north part of the county were city callers yesterday. H. O. Hughes of Lewiston had business in the city yesterday.

WOMAN'S COLLEGE NOTES

Saturday afternoon the Junior class enjoyed a delightful outing at the farm occupied by Mr. and Mrs. T. H. Buckthorpe on the Morton Road.

An interesting and enjoyable program was given by a number of students of the College of Music and the School of Expression at the Franklin School Friday evening. The proceeds of the entertainment are being used for the purchase of playground equipment. Among those who took part were Margaret Merker, May Rose Adams, Gladys Chase, Josephine Rink, and Helen Carpenter. The Juniors thoroughly advertised the Illinois at the chapel service Thursday morning. A number of stunts, clever and original, were greatly appreciated by all of the student body; after this, the representative of class received subscriptions for the Annual; and they are very much gratified with the results of their work.

Miss Edith Lambert, director of the department of physical education, is spending the week end in Chicago.

Mrs. George Wilson, of Canton, and Mrs. Henry Ostrom, of Green-castle, Ind., are guests at the college.

Miss Mildred Lakin, of Manchester, was seriously injured in an automobile accident while returning to the college last Monday; she will be obliged to remain out for several days before being able to take up her work again.

Mrs. J. R. Harker is spending several days with her daughter, Mrs. G. R. Atherton, in Cincinnati.

PARK YOUR CARES

Four Days—Monday, Tuesday, Wednesday and Thursday. The one big bet of the season.

"EVERYWOMAN"

IS GREAT FILM SPECTACLE

The beauty picture supreme. A super-sensation of unlimited appeal. The greatest of all modern love stories.

Everywoman, before starting on her quest for Love surrounded by her companions, Beauty, Youth, Modesty and Conscience. Everywoman heads the Whisperings of Passion who leads her to the orgy of pleasure staged by Wealth where she sees Passion consorting with Vice and learns that he is not Love. The pace set by Wealth causes Beauty to be stolen from Everywoman and with Youth she tries to win Love at the gaming tables but again fails. Finally deserted even by Youth, the last of her companions, she is found by Truth and Conscience and they succeed in bringing her to real Love.

High Lights in the Action of Everywoman are Superb

The stage scene which marks Everywoman's triumph in the leading role of a musical comedy. Full shots revealing the entire stage and the members of the audience interspersed with fascinating glimpses behind the scenes make the spectacle exceedingly interesting. The costumes worn by Miss Heming and the members of the chorus are breath-taking.

VON STRONHEIM'S MASTERPIECE

Even Better Than "Blind Husbands"

The Devil's Pass-Key

A Picture of Paris the Wicked, and Paris the Wonderful

A sensational photodrama of Woman's greatest temptation—created by a man who KNOWS—and who knows YOU know. Human, because it is true and real—gripping, because it gives you some people YOU KNOW WELL, in the one tremendous crisis of their lives.

Paris! You'll think you're there! The races at Longchamps, the Theatre Francaise, the gay boulevards, the glittering shops, the whirl of society, and in the midst of it all, an American playwright and his all-too-pretty wife, admired an infamous and then, suddenly, the storm centre of a frightful scandal that sets all Paris by the ears.

One day on the crest of the social wave in Paris, the wonderful—the next day, caught in the web of of infamous modiste in Paris, the wicked—with no

hope of rescue by her husband and her terrific punishment yet to come, the scorn of the world's capital, which was to blacklist them both. What had this innocent but all-too-pretty American wife done?

Suspense? You said it! When you near the end of this wondrous drama you'll be on the edge of your seat, unable to take your eyes from the screen. It's REAL! It's HUMAN! It's LIFE!—"THE DEVIL'S PASSKEY." See it without fail. Genius doesn't show every day.

ECONOMY CASH STORES WILL FURNISH INFORMATION

WASHINGTON. — Information regarding any activity in which the government is interested will be furnished to the general public thru the information service section of the United States Bureau of Efficiency here, according to announcement from the bureau. The information service is an outgrowth of the bureau's investigation into the duplication of work in government departments, undertaken at the direction of Congress.

"If you are interested for instance in the primitive condition of prehistoric man, in present day activities in agriculture, education or commerce or desire to know where to apply for the classification and biology of the corn leaf beetle, write the Bureau of Efficiency, Information Section, the announcement said. "The section will act as a reference index to activities and offices."

PEACE FOUNDATION WOULD JOIN LEAGUE

Statement Given Out Says Election Cannot Decide American Entry Into League.

Boston. — The Trustees of World Peace Foundation, the million dollar endowment established in 1910 by the late Edwin Ginn, have unanimously adopted a declaration that American entry into the League of Nations can not be decided by the November election. The statement says:

"The problem of the organization of the world for peace is greater than any man or any body of men. Although the ratification of the treaty of Versailles, with or without reservations, was prevented by the failure of the President and the Senate to agree, nevertheless, whatever political party may come into power, it will find that the interest, the conscience and the sense of duty of the American people will require the nation to take its part in the essential work of establishing and preserving the peace of the world.

"The World Peace Foundation was created to promote the organization of the world for the prevention of war. The Trustees of this Foundation believe that the only practical way of achieving this result is by joining the existing League of Nations, with such modifications, if any, as the wisdom of our statesmen may think proper for the welfare of the United States. We have assurance that foreign governments will welcome the United States with any such modifications as it may think necessary."

The Board of Trustees includes both Democrats and Republicans. Their declaration is signed by William H. P. Faunce, president of Brown University; George W. Anderson; Sarah Louise Arnold; Professor H. Blackeslee of Clark University; Stephen Pierce Dugan; President A. Lawrence Lowell, of Harvard; Former Governor Samuel W. McCall of Massachusetts; Bliss Perry; Albert E. Pillsbury; George A. Plimpton and Joseph Swain; and Edward Cummings, general secretary.

ECONOMY CASH STORES

SOCIAL SERVICE LEAGUE NOTES

The demand for tickets to the annual supper last Tuesday evening was very gratifying. All of the one hundred twelve seats were sold and many more might have been. Of course we realize that this was due largely to the reputation of the caterers but we flatter ourselves that it also a widening interest in the work of the League.

Mr. Marbach told us in the course of his address that one of the League's duties was "agitation," but we have not thus far been able to decide which one of our pet projects to begin agitating—the universally urgent housing problem, the need of more supervised recreation, the reform of our public charity system, the often-discussed Denton home or the newer suggestion of a visiting housekeeper. Which shall it be? Our request for an electric iron met with prompt response. The next day Mrs. George Harney appeared at our door with an iron which he offered to give us if we cared to have it repaired. We did and now it is a valued member of our family.

Not having a car of our own we find ourselves fortunate in the possession of a goodly number of accommodating friends who share their cars and this week Mrs. Tom Copper took the superintendent out on her rounds two afternoons, while Frances English, Miss Elsie Russell and Mrs. Ralph Russell have all given free transfer service.

Another good afternoon's work was done by the Relief Committee on Friday last. The immediate need being fairly supplied the committee will probably meet only once in two weeks hereafter. Next Monday afternoon the Case Committee will meet in the League rooms. As the October meeting of the board of directors is the time when new appointments are made this will be the last meeting of this particular committee and the chairman greatly desires a full attendance. Our latest charge, the little abandoned Baby Shivers, is creating considerable interest. Two homes have already been offered him but he is not yet in a position to accept any such invitations. He must first be officially declared "dependent" and that cannot be done until twenty days after the published notice. Meanwhile he is very comfortably quartered at Passavant hospital.

HAVE NO DOOR KEYS

IN RUSSIA. — Door keys are considered unnecessary in the bolshevik scheme of life in Russia. Only privileged persons are supposed to possess them.

When The Associated Press correspondent who recently crossed Russia asked for a door-key in one of the nationalized hotels at Omsk he was informed by the hotel "commissar," formerly the owner, that under the red regime doors are not supposed to be bolted.

An appeal to the Omsk bolshevik commandant resulted in the American correspondent obtaining an official document granting him a key and the privilege of locking the door of his room.

PLAY THAT'S GREATER THAN BLIND HUSBANDS

Scenes of gay Parisian life, produced with unusual realism, are features of Erich von Stroheim's latest Universal-Jewel production, "The Devil's Pass Key," which comes to the Majestic Theatre Monday and Tuesday. Mr. von Stroheim was the author and director of "Blind Husbands," the recent Universal success, said to be one of the best photoplays of several seasons.

The reproduction in "The Devil's Pass Key" of life in Paris, where the story is laid, is genuine in every detail. Mr. von Stroheim has spent a good deal of time there himself and much of the local color of the scenes in the French capital is the result of his own experience.

The story concerns an American author living in Paris with his extravagant wife, who becomes hopelessly in debt at the shop of an unscrupulous modiste. Expecting the woman to follow the Parisian method of getting a rich lover to pay her bills, the modiste introduces her to an American army officer. This turns out to be the most fortunate thing that could have happened to the young wife.

Sam de Grass, who played the part of the husband in "Blind Husbands," is the husband in "The Devil's Pass Key," and Una Trevelyn is his wife. Clyde Fillmore, others in the cast are Maude George, Le oWhite, Mac Busch, portrays the American officer. Ruth King and Jack Mathels.

STENOGRAPHER WANTED

A competent stenographer with ability to help on books is wanted by a reliable concern. State salary, experience and reference. Address L. O., care Journal.

Robert Hamilton of the vicinity of Arnold came to the city.

R. W. POLLOCK
of Nebo, Ill.

Who will direct the music during the Evangelistic meetings beginning at the Central Christian church, October 24.

Prof. Pollock is a brother of Mrs. H. A. Perrin, wife of the superintendent of our city schools. Mrs. Pollock will also assist as a musician and personal worker. Both Mr. and Mrs. Pollock devote their entire time to evangelistic work.

You are cordially invited to come and enjoy the services.

ANNUAL LUNCHEON OF WOMAN'S CLUB IS HELD

Work of Year Inaugurated With Delightful Luncheon at Grace Church—Mrs. W. H. Hart of State Federation is Speaker.

The annual luncheon of the Jacksonville Woman's club was held Saturday afternoon at Grace M. E. church. The event marked the opening of the club's activities after the summer vacation and enthusiasm was at all times apparent. The club members each year look forward with great interest to this fall luncheon and the arrangements for this year's event were such that they were in no wise disappointed.

It was a large company of women which sat at the beautifully decorated tables at 12:30 o'clock. The luncheon was served by the women of the church and the result of their efforts measured up fully to the high standard of previous occasions.

A Good Fountain Pen is Worth Owning

Is there a handier implement of modern times than the fountain pen? Certainly not. A good fountain pen is well worth owning. We can sell you the best fountain pen at an average price that is produced. You can go a little bit higher if you wish by buying them in the fancy decorated barrels.

Schaffnit, Clarence York, M. D. Shanahan, J. L. Henry, Frank Strawn, J. G. Reynolds, Austin Kingsley, J. R. Davis, J. W. Clary, Henry Kamm, Thomas Duffner, Lloyd Hamilton, Carlton Hook.

One of the unusual features of the luncheon was the large number of guests from a distance. Among those present were two from New York, one from Maryland, one from Portland, Ore., one from California and one from Oklahoma.

The president, Mrs. O. F. Buffe, presided and introduced the secretary, Mrs. H. A. Perrin who read the minutes of the previous meeting. Mrs. Buffe extended greetings to the new and old members and expressed her pleasure at again being able to address the club. She spoke in a most hopeful vein of the outlook for the coming months and in a brief way outlined some of the things which it is hoped will be accomplished.

Miss Hinrichsen Speaks. Mrs. J. J. Reeve for the Domestic Science Round Table announced the first meeting of this organization next Saturday afternoon at the home of Mrs. C. N. Priest, 1203 West State street. Mrs. Hinrichsen, executive secretary of the state public welfare board, who made announcements concerning the state conference of charities and corrections which meets in this city Oct. 29, 30 and 31. Miss Hinrichsen urged the club members to attend as many of the conference sessions as possible and to invite their friends to do the same. She declared that it is the duty of Jacksonville people to be present at all the meetings in large numbers, thus living up to the reputation which the citizens of Jacksonville have of being interested in all things relating to the welfare of the community, the state and the nation.

Mrs. Otis Calky was then presented as a former resident of the city who has gone to the western states and had a large part in the formation of women's clubs in various cities and towns. Mrs. Calky gave a brief but entertaining account of conditions as she found them in the west and of the developments which have come about in recent years.

Mrs. J. C. Groat of Winchester extended greetings on behalf of the 54 clubs of the 20th district. Mrs. W. Barr Brown sings. In presenting Mrs. W. Barr Brown for a group of songs, Mrs. Buffe remarked that few of the club members realized just how onerous were the duties entailed by the chairmanship of the music committee, which position Mrs. Brown has most capably filled. Mrs. Brown sang in her usual

splendid manner and graciously responded with an encore.

Mrs. Buffe said it gave her great pleasure to present one who is giving so largely of her time and thought to the clubs of Illinois. Mrs. William H. Hart, president of the State Federation of Women's clubs, Mrs. Hart is an able speaker and her words were heard with great interest. Only a brief outline of her address is given:

"I have had the opportunity during the past two weeks of speaking to approximately 6,000 club women. All of them are entering into the new year's work with enthusiasm and resolved to make this the best year in their history. Let us try to forget our differences and failures and think of all the splendid things we have achieved.

Not Actuated by Selfish Motives. "You may ask 'What is the mission of the federated clubs?' The announcement just made by Miss Hinrichsen brings to attention one part of the work to which the federated clubs is devoting attention. We are the largest group of volunteer workers of which the world knows today. We have never commercialized ourselves in any way, and this is the reason we are able to do the tremendous work we are doing. We are not actuated by any selfish motive, but are doing this work just for the good of the community, the home and the other things dear to woman's heart.

"We have in our ranks women of all classes and kinds, all races and sects; we have the cultured woman and the unlearned, the radical and the conservative; but we are all working together most harmoniously. It is the big things of life bring us together and the little things that tend to separate us. Let's forget the little things. If you want to keep in touch with all the live topics of the day, if you want to get into close touch with women of the highest character, belong to the federation.

Must Study Community. "In every community we see evidences of the work of the women's clubs. I think Miss Hinrichsen will bear me out in this statement. I am not here to tell you what to do here in Jacksonville, but suggest that you study the thing calmly and decide what is the greatest need of your community, and then supply that need."

Mrs. Hart referred to the raising of the \$25,000 silver jubilee extension fund as the greatest achievement of any one year of the federated clubs' existence. She told of the headquarters which has been established and then gave some details of the work which is being accomplished at Park Ridge school. The state federation owns a cottage here, and each year 16 dependent girls are cared for and prepared to fill useful places in life at the expense of the federated clubs.

Training for Citizenship. The speaker also referred to the Americanization program which the clubs are taking up this year and to the training for citizenship classes. Mrs. Hart said in this connection: "I am not going to talk politics because I know that is dangerous ground, but I must emphasize the importance of these training for citizenship classes. I think every woman should affiliate at herself with some party, but we must not separate ourselves from women who do not vote as we do. While I have affiliated myself with a party, I am going to vote for both Democrats and Republicans in the November election. I have studied the matter to the best of my ability and that is what all women must do, and then vote for the men who seem the best fitted for the offices sought, regardless of party affiliation. We must make all women realize the great privilege which is theirs in the franchise and we must at once begin a campaign to get every woman to the polls Nov. 2.

Ignorance an Ancient Enemy. "Let us make eternal war against our most ancient enemy—ignorance. Let us work together to bring about the hoped for conditions in nation, state and community. Much is expected of the club women of Illinois and it is up to the women of Jacksonville and of every other city and town in the state to co-operate in this great movement. Let us keep the faith and the covenant made by our forefathers when the foundations of this country were laid, and we shall help America to fulfill her noble destiny."

At the close of Mrs. Hart's most helpful and inspiring address the club adjourned.

Illinois Woman's College announces the following artists who will appear in the series of 1920-21.

Margery Maxwell, soprano Chicago Grand Opera Company, October 29. Lylle Barbour pianist.

AUTOMOBILE COLLIDES WITH HORSE AND BUGGY

An automobile ran into a horse and buggy last evening about 6:30 o'clock and almost made a total wreck of the outfit. The horse, which was tied along the street on the corner of South East and East Morgan streets had no lights of any kind showing on it. The lights on an automobile swinging around the corner frightened the horse which backed out toward the middle of the street, and a car driven by O. W. Rimby, a grocer of Pisgah, struck the rig, making a wreck of the buggy and slightly injuring the horse. One light of the automobile was smashed but not much other damage was done.

PUBLIC SALE

Tuesday, Oct. 19th at 10:30 a. m. Jacob Ornellas will sell at auction at his farm 3 1/2 miles northeast of the city, a number of Percheron fillies, some aged mares, fine quality, 75 hogs, some cattle and a general list of farm implements. Dinner by ladies of Salem church.

SPRINGFIELD ALL STARS HERE TODAY

Will Try to Grab Game From Indians This Afternoon—Daddy Dove Is Coming Back to Get Revenge.

John Grady's All Stars of Springfield will face the Indians at South Side park this afternoon and try to get revenge for the two defeats the Indians have given them the past two Sundays.

Last Sunday Dove came down and hurled for the Springfield team. He should have won his game 1 to 0 but threw it away in the eighth by a wild peg to third base.

The Springfield team has one of the best aggregations from the capital city, being the pick of the best players there. They have an especially strong outfield. Its members play a great defensive game and in addition hit the ball and run bases well. The inner works are also well fortified while Grady is the best catcher in Springfield.

It is a team that will make any team hustle to beat it. In the two games the Indians have won the margin has been small and the Springfield team has always been dangerous and threatening until the last man was out. The fans may rest assured that the game

this afternoon will be on a par with the other two. The battery for Jacksonville will be Fanning or Wright with Clark on the receiving end.

WAVERTY HIGH DEFEATS BEARDSTOWN

Waverly, Oct. 16.—The Waverly high school defeated Beardstown today by the score of 40 to 0. The game was played on the high school gridiron with a large gallery of spectators. The home team outplayed the visitors at every point. This was the lineup: Waverly—Redfern, le; Hughes, lt; Hood, lg; Gilbert, c; Harris, rg; Kern, rt; Crum, re; Gorman, qb; Loving, lhb; Jarrett, rhh; Knight, fb.

Beardstown—O'Neill, le; Anderson, lt; Loughley, lg; Zebe, c; Stewart, rg; Wright, rt; Townsend, re; Green qb; Peters, lhb; Peterson, rhh; Cannon, fb.

Touchdowns—Redfern (2), Gorman (2), Loving (1), Knight (1). Goal kicks—Knight (2), Jarrett (2). Umpire—Livingston. Referee—Glick.

CORNELL COLLEGE AND KNOX TIE

Mount Vernon, Iowa, Oct. 16.—Cornell College and Knox fought a bitter 0 to 0 draw here today, both teams losing chances to score when forward passes over the goal lines were intercepted. Dankin and Gowan starred for Cornell and Stewart played best for Knox.

FORMER LOCAL MAN NOW FIGHT MANAGER

"Jimmy" Clancy Has Two Bat- tlers Under His Wing—Wants Al. Baldwin to Join Party.

"Jimmy" Clancy, former Jacksonville boy, was a caller in the city yesterday. Clancy was here to see "Al" Baldwin, local light weight fighter. Clancy is now managing Tony Caponi, bantam weight and Tommy McKeon, light weight. These fighters will be introduced at Beardstown Tuesday night and will probably stage fights in Beardstown, Springfield, East St. Louis and South Bend, Ind.

Clancy was accompanied by the two fighters and Harry L. Martin, well known lumber man of St. Paul. Martin is the man who gave Mike O'Dowd and several other fighters their start in the pugilistic world.

It is probable that Baldwin will join the party at Beardstown Tuesday and will accompany them on their trip east.

MICHIGAN DOWNS MICHIGAN AGGIES

ANN ARBOR, Mich., Oct. 16.—The defense of the Michigan Aggies which held Michigan's football team to one touchdown in the first half of today's game crumpled in the last two periods and the Wolverines tore thru the Farmer line to a 35 to 0 victory. The five touchdowns all resulted from straight football. The Aggies essayed a number of forward passes in the third period but could not complete them. Many of the Wolverines' gains were made on runs around end.

CARROLLTON WON FROM WHITE HALL

Carrollton defeated White Hall at White Hall Saturday afternoon. The final score was 47 to 3. White Hall never had a chance and was the first team to score on Carrollton this season. Their score was made by a drop kick from the 40 yard line. John Larson of this city was referee and Fuller, Jacksonville high was umpire.

ILLINOIS COLLEGE BEATS NORMAL 39-7

Harmon's Squad Have Little Trouble in Beating Teachers at Normal—Men, However, Do Not Show True Form Defensively.

Illinois College defeated Illinois Normal at Normal Saturday afternoon by a score of 39 to 7. The game was slow and sluggish according to Coach Harmon.

Talking to the Journal over the long distance telephone last night Coach Harmon said the Illinois team did not show its true form in the game. Especially was this true of the defensive work.

The line did not work to the satisfaction of the coach, though he said the team work was a big improvement over that shown at Lombard. The line failed to hold at all when Normal made her touchdown, the teachers marching steadily down the field with straight football.

Illinois scored her first touchdown in the first quarter. Locke going over and kicking goal.

Normal scored her lone touchdown in the second quarter by straight football. Roman going over for the score.

Illinois also scored two touchdowns in the second quarter. Witaschek made the first when he fell on the ball back of the Normal line after Itner had blocked a punt. Cully made the other one. Both tries for goal failed, leaving the score at the end of the half Illinois 20, Normal 7.

At the beginning of the second half Cully scored another touchdown and Locke missed the goal.

Coach Harmon then changed his backfield men putting in Ferreira, Barnes, Green and Jones. Ferreira scored two more touchdowns for Illinois but Andrew and Barnes both failed on tries for goal. The score at the final whistle was Illinois 39, normal 7.

The lineup: Illinois Witaschek le Boswell lt Britt Gunn lg Burrus Fiedling c Nelson Andrew rg Jones Reid rt Phelps Davis re O. Litwiler Cully qb Harrison Locke lh Evans Scott rh Roman Rogers fb W. Litwiler Substitutes—Jones for Locke; Barnes for Scott; Ferreira for Rogers; Green for Cully; Barker for Itner; Weber for Andrew; Burrus for Gunn; Miller for Fiedling.

Illinois Scrubs 34; Scottville, 0. Illinois' third team journeyed to Scottville Saturday afternoon and walloped the Scottville high school team by a score of 34 to 0. The college men outclassed the Scottville boys.

The Illinois line-up: Wright, le; Henry, lt; Dobow, W. Bone, lg; Roberts, c; Beard, G. Bone, rg; Scott, Pauley, rt; Riley, Well, er, re; Miller, qb; Thursman, cap tain, lb; Brown, Farrell, rh; Smith, fb.

Touchdowns—Thurman, Farrell, Brown (2), Smith. Goals from touchdown, Brown (2), Farrell (1). Referee—Wheeler, Scottville. Umpire—Kar, Illinois College.

CHICAGO DOWNS WABASH 41-0

CHICAGO, Oct. 16.—Chicago had an easy time with Wabash today, winning 41 to 0. The Maroons used 48 players and apparently were able to score at will. Wabash played a fast game but was outweighted and outclassed and never got the ball past Chicago's forty-yard line. Cole, Chicago half, made the best run of the day, twisting thru the entire Wabash team for 70 yards and a touchdown. Frank Cash of Lebanon, Ind., Wabash guard, was seriously injured in the third quarter. He did not regain consciousness until after the game but was said to be resting easily tonight.

BASKETBALL GAMES PLAYED AT FRANKLIN

Two basketball games were played at Franklin Saturday afternoon between teams of girls and boys from the Franklin and Modesto high schools.

The Modesto boys defeated the Franklin boys by a score of 12 to 11. The Franklin girls team defeated the Modesto girls by a score of 4 to 1.

GREENFIELD LOST AT ROODHOUSE

Roodhouse high defeated Greenfield at Roodhouse Saturday by a score of 10 to 7. The Roodhouse team won the game in the last few minutes of play.

WOMEN TAKING INTEREST IN BASEBALL

St. Louis, Mo. — The growing interest which women are taking in baseball is evidenced by attendance figures for 13 "Ladies Day" games here during the past season which have just been made public by officials of the American League club.

In all 11,886 women attended the days when their only entry fee was the 10 cents war tax. In April for two games, the total was 377; May, two, 621, and in June, August and September, with three games each the respective attendance was 2,820, 2,849 and 5,219.

Prior to the war, officials say, the average attendance never was more than 300.

It is also noticeable, officials said, that many women now do their own scoring. A phase of the game to which they formerly paid little attention.

SATURDAY'S FOOTBALL RESULTS

Illinois 20; Iowa 3. Chicago 41; Wabash 0. Indiana 21; Minnesota 7. Mich. 35; Michigan Aggies 0. Boston College 21; Yale 13. Decatur High 64; Jacksonville Pittsburg 7; Syracuse 7. U. Detroit 48; U. JACKSONVILLE LOST AT DECATUR

Go On Field Without Any Dinner and Meet Defeat—Decatur Has Strong Squad This Season.

Jacksonville high lost to Decatur high at Decatur Saturday by a score of 64 to 0.

The Decatur management did not tell Coach Mitchell that the game would have to be played early because of the game Millikin had Saturday afternoon. Had they done so it is probable the Jacksonville mentor would have cancelled the game.

The Jacksonville squad arrived in Decatur around 11 o'clock. The men were hustled to the Decatur high school gymnasium and changed into their football togs and were on the football field at Millikin before noon.

They went on the field an empty stomachs and were in no shape to play being wearied by the long ride to Decatur. The men were ready to catch the train that leaves there shortly after 2 o'clock for home.

While Decatur has a strong aggregation Coach Mitchell is satisfied that with Alexander in trim and the men in condition to play that Decatur cannot walk on his team in such easy manner.

Seconds Defeat Griggsville

The second team of the high school journeyed to Griggsville where they defeated the high school team of that city by a score of 13 to 7. The first touchdown was made by line plunges by Hopper.

At the beginning of the second quarter Mitchell made sixty yards on a criscross. A forward pass, Goebel to Perbix netted twenty yards. Perbix got ten more on an end run and Hopper carried the ball over for touchdown.

Griggsville's touchdown came at the end of the second quarter and she kicked goal. Perbix failed at goal on his first kick but the second attempt was successful.

The lineup: Mitchell qb; Hopper fb; Perbix rh; Thurman lb; Reed c; Goebel lt; Bracewell rt; Arnold rg; Bray lg; Kuppler le; Race re; Kelly, Wolke, Sanders substitutes.

NORTHWESTERN FALLS BEFORE WISCONSIN

MADISON, Wis., Oct. 16.—Northwestern University failed to keep up the winning pace it took last week in defeating Minnesota and lost 7 to 27, before the driving plays and brilliant passing of Wisconsin. The Badgers played the Purple men off their feet in the first half gaining all their points in the first two periods. After that with some substitutes in the Wisconsin line, the Northwestern players kept their opponents scoreless.

HARVARD HAS LITTLE TROUBLE WITH WILLIAMS

Cambridge, Mass., Oct. 16.—Harvard had little difficulty in rolling up five touchdowns and a field goal against Williams today, winning 38 to 0. The visitors held the Crimson well in the first period and carried the ball to Harvard's 45 yard line, principally on two beautifully thrown forward passes by Boynton. For the remainder of the game Williams' offensive was never within 55 yards of the Crimson goal line.

HUGE SUM SPENT FOR JEWISH RELIEF

New York—Over \$33,000,000 has been expended for the relief of Jewish war-sufferers in eastern Europe and other parts of the world since the outbreak of the war, according to a report of the American Jewish Relief Committee. This money has been expended in over 30 countries but more than \$15,000,000 has been distributed in Poland, Lithuania and Courland.

IOWA PROVES EASY FOR ZUPPKE'S MEN

Last Year's Champions Defeat Hawkeyes 20 to 3, by Using Only Straight Football—Illinois Sent in Entirely New Team in Second Period.

URBANA, Ill., Oct. 16.—Illinois strengthened its chances for the Western Conference championship and virtually eliminated Iowa from the race today by defeating the Hawkeyes, 20 to 3.

The Illini last year's title winners, used only straight football tactics, while Iowa sprang a brilliant array of trick formations, especially in the last two minutes when the losers battled desperately.

The Hawkeyes made only one first down on straight football, but attained six on forward passes. Illinois ripped the Iowa line at will and Helstrom circled the ends repeatedly.

The first period was scoreless, but Ralph Fletcher's field goal gave Illinois a 3 to 0 advantage at the end of the second period. Carter took a fumble across for a touchdown and Helstrom kicked a field goal in the third period. In the final period A. Devine made Iowa's only score with a field goal and Coach Zupke sent in an entirely new Illinois team. The game ended with the ball in Illinois' possession on Iowa's 30 yard line.

The line-up follows:

Illinois	Pos.	Iowa
Helstrom	re	Belding
Ems	rt	Slater
Smith	rg	Kaufmann
Depler	e	Longley
Mohr	lg	Mead
Olander	lt	Black
Carney	le	Kadesky
Fletcher	qb	Kelly
Walquist	rhh	G. Devine
Peden	lhb	A. Devine
Crangle	fb	Locke

Touchdowns—Carney, Crangle. Goals from touchdowns—R. Fletcher (Sub for Peden), Robert Fletcher. Field goals Ralph Fletcher, Helstrom.

Iowa scoring: Field goal A. Devine. Referee—Magidsohn of Michigan.

Umpire—Snyder of Oberlin. Field Judge—Elliott of N. Western. Headlinesman—Dortims of Maine.

INDIANA DOWNS MINNESOTA 21 to 7

Minneapolis, Minn., Oct. 16.—Minnesota slipped down another rung on the Big Ten football championship ladder today, when Indiana forward-passed her way to a 21 to 7 victory over the Gophers. It was a repetition of last week's defeat by Northwestern, the Gophers being outclassed by the margin indicated by the final score.

OHIO DEFEATED PURDUE 17 to 0

COLUMBUS, O., Oct. 16.—Ohio State won its first Western Conference game of the season here this afternoon defeating Purdue University 17 to 0. The Buckeyes solved the much vaunted "Boiler-makers" shift in the first period and, led by a clever 16 yard pass, crossed Purdue's goal two minutes before the period ended. Ohio State's other touchdown in the fourth quarter preceded by an aerial attack that carried the

Buckeyes to the 2-yard line where Weaver busked over. Purdue a times fought the Buckeyes to a standstill but lacked the necessary punch to climax their efforts.

PALMYRA WALKED ON GIRARD HIGH

Coach Hufford's Palmyra high school team walked on Girard's Palmyra Saturday afternoon by a score of 68 to 0. Hufford seems to have a strong squad and will tackle the locals here on Thanksgiving day.

Begin Right Now Conquer Your Rheumatism

The tiny pain demons that cause your Rheumatism will be back on the job with the first approach of damp, wintry weather, ready to take up their battle against your comfort with renewed fury.

And if you are going to again rely upon the liniment bottle to try to rub the disease away, you will be doomed again to nothing but disappointment. A disease that can cause so much pain and suffering as Rheumatism, is not on the surface of the skin, and cannot be rubbed away.

Many forms of Rheumatism are caused by a tiny disease germ in the blood, and in such cases the only logical treatment is to search out and remove these germs from the blood.

For this purpose there is a more satisfactory remedy than S.S.S., the fine old blood remedy that has been in use for more than fifty years, and has given so general satisfaction for Rheumatism. S.S.S. thoroughly cleans the blood, and routs out all impurities and disease germs.

Begin taking S.S.S. today, and if you will write a complete list of your case, our medical director will give you expert advice, without charge. Address Chief Medical Director, 823 Swift Laboratory, Atlanta, Ga.—Adv.

Judge E. P. Brockhouse, pro related to the States Attorney's recent slump of \$75,000.00 in er. A careful reading of this fa we believe, convince the most fa ble financial condition may res lican candidate for re-election. It is one of the strongest that h man of the highest ideals of pu prehensive knowledge of the in

Judge Brockhouse, although ceived the Democratic nominat name on their ballots. There l came known as to whether he v doubts are dispelled and it is

Judge Brockhouse's ability t will not be questioned. His re be faithful to a public trust.

The county is to be congra yer of high standing and abilit affairs, and in financial and a sound legal advisor as well.

What's the matter with Mor The answer is obvious. E

On this issue a discussion of the office, entitled "What's the Matter with the County Funds?" of the greatest concern for candid discussion, so clearly skeptical that a share of responsibility upon the shoulders of the present. We have no hesitation in saying that as ever come to our notice, and the public service and as a lawyer of extricate business affairs of the County. Not a candidate either active or passive for States Attorney, though much has been considerable speculation so could accept the nomination and make evident that the Judge is running, to measure up to the responsibilities of a County Judge is sufficient to manipulate upon the opportunity to present with a wide range of experience in business matters, who will be not in any County?"

Morgan County finances as "With Morgan County?" The n to every voter and tax pay- and logically presented will- ty for the County's depor- States Attorney, the Repub- as a campaign document at it stamps its author as a ptional ability, with a com- ty and its needs.

ceptive at the primary, ren- y of his friends writing his nce the primary result be- ke a campaign, but now all nd going strong.

of the office in every way uranty that he will again

ecure the services of a law- the practice of law, in coun- an able prosecutor, but

te's Attorney and Judge

performed by the State Attorney, dis-
aster is almost sure to follow.

What has been the policy of the present State's Attorney? Has it been to let the county business affairs take their course, and advise and act only when called upon, to have taken no initiative and offered suggestions and advice? Has he instructed county officers as to their official duties and responsibilities in language so clear that it could not be misunderstood, in order to prevent errors through ignorance of duty? To what extent has he advised members of the County Board as to their duty not to spend or contract to spend directly or indirectly for any given purpose more money than has been appropriated or set aside by law for that particular purpose? Has he taken any of assurance by advising and insisting upon proper and legal methods of conducting business and the keeping of public records and books of account in such a manner as to show at any time the exact financial condition of the

litical trickery and questionable practices of any kind, nor shall I indulge in personalities.

The challenge has been issued and I accept it. Let my opponent's record be the issue, and let this voters decide.

If elected I believe I can be of real service to the county. I hope to have the opportunity to rescue the county's finances from their present deplorable condition; to co-operate with other officers to that end, giving them freely the benefit of what knowledge and experience I may have; to give an honest dollar's worth of service for every dollar of salary received, and more if necessary to a proper discharge of my official duties, not forgetting the importance of the State Attorney's responsibilities as prosecuting officer.

In conclusion I wish to express my sincere appreciation to the good friends who voted for me in the primary, and hope by my conduct in the campaign and in the office, if elected, to merit their continued confidence.

TRINITY CHURCH PICNIC

Yesterday evening was a merry scene in the grove near Gravel Springs. The good people of Trinity Episcopal church motored out there and had a picnic which of course every one enjoyed. Appetites whetted by fresh air and exercise were appeased by an abundance of good things taken along and everything went well with the affair.

T. M. Crum and Ernest Young were among the arrivals in town from Litchberry yesterday.

CLUBS

The Mission Study Circle of the Congregational church will meet Tuesday evening, October 19, at 7:30 o'clock, with Mr. and Mrs. L. S. Doane. The book for the year's study promises to be unusually interesting "The Near East Crossroad of the World." The author is William Hall, principal of the Preparatory Department of the Syrian Protestant College at Beirut, Syria. All who are interested in the subject are cordially invited. Miss Marian Fairbank will be the leader.

The Woman's club of the United Commercial Travelers will meet with Mrs. D. L. McCarthy, 935 North Main street, Wednesday afternoon. The hours will be from 3 to 6 o'clock.

Mrs. H. W. English will entertain the College Hill club Monday afternoon at her home on West College avenue.

The Woodson Woman's club will hold an open meeting at the Christian church, Oct. 19th at 2:30. All ladies are invited to hear the following program: Roll Call, "Women Who Have Helped the Nation"; Talk, "The New Citizenship" by Mrs. A. B. Williamson of Jacksonville; Paper "Citizenship 1870 to 1920" by Mrs. J. C. Colton, and a paper by Mrs. Ida Megginson.

The Monday Conversation club will meet at 1:15, Monday, Oct. 18th at the home of Miss Powell in the Hockenhull building and from there will proceed to the home of Mrs. Frank E. Drury, east of the city where the regular meeting will be held. In case of rain the meeting will be held with Miss Powell at 2:30 at the Hockenhull building.

The Fortnightly will meet Thursday, Oct. 21st at 4 o'clock with Miss Emma Daniels, 910 Grove street. Leader of the program, Miss Flora Taylor.

The East Side Tuesday club will meet Tuesday with Mrs. Charles Raitachak, 416 South East street at 3 o'clock.

The regular meeting of the Board of Management of the Rev. James Caldwell Chapter D. A. R. will be held Tuesday at 2 o'clock at the Duncan Memorial. The Wednesday will meet with Mrs. Miles Wolf at 3 o'clock. Miss Margaret Moore will give a talk on her personal experience, at Coblenz, Miss Clara Moore will play. Each member has the privilege of bringing a guest.

The Ladies of Westminster church will hold a birthday party Thursday afternoon at 3 o'clock at the home of Mrs. Walter Bradish on West College avenue.

The Domestic Science Round Table will hold their first meeting of the club year on Saturday 23 at 2:30 o'clock at the home of Mrs. C. N. Priest of 1203 West State street. The topic for the afternoon will be "The Christmas Work Basket" and the leader will be Miss Janette Powell. The treasurer will be present at the meeting ready to receive dues.

The Chautauque Musicale club will meet at the home of Mrs. Edgar Martin, 1014 West College avenue, Monday afternoon promptly at 2:30 o'clock. A program of early English music will be given.

Fine Point club will meet with Mrs. Gertrude Reynolds and Mrs. Hester Capps, 230 Saturday afternoon instead of Friday.

The Household Science club will meet October 26, instead of Oct. 19 with Mrs. Conover of Webster avenue.

Deaths

Packard
The death of Miss Eliza Packard occurred Saturday afternoon at the Old People's Home.

The deceased was born in Ohio in the year 1850. She came to the local institution on January 16, 1920, from Lincoln, Illinois. The body was taken to Reynolds' Mortuary and prepared for burial. Funeral services will be held from the Old People's Home on Monday afternoon at 3:30. Interment taking place in Diamond cemetery.

Cruse.
Mrs. Mary Cruse, wife of William T. Cruse died at the family home 713 East Lafayette avenue at 7:55 o'clock Saturday morning. She had been ill for the past seven weeks.

Deceased was born in County Cork, Ireland and had been a resident of this city for the past thirty five years.

She is survived by her husband and three sisters and two brothers, Mrs. Patrick Dowling, Mrs. James Murphy Davenport, Iowa, Mrs. Edward Kelly, William Walsh and John Walsh, the latter residing in Ashland.

Mrs. Cruse was a devoted member of the Church of Our Savior and a woman highly respected by all who knew her.

Funeral services will be held from the Church of Our Savior at 9 o'clock Tuesday morning with burial in Calvary cemetery.

An Investment in Good Appearance

When you see a Kuppenheimer advertisement in the national magazines, on a signboard, or Kuppenheimer clothes on a neighbor, you are reminded of the value of good appearance—of the importance of quality materials and superior craftsmanship in designing and tailoring.

Kuppenheimer good clothes are an investment in good appearance—and in economy as well.

See the new fall models—the natural free-set shoulders, the fine designing, the fit and drape of the collars and lapels, the rich fabrics, the appealing patterns and tones; single and double-breasted models.

\$40 and Better. Others \$35 Up

Boys' durable Suits, ages 8 to 16 years—\$10.00.

NEW HATS

Fall hats—rich new fal rough mixtures and smooth finishes that will appeal to your good taste.

TO THE PEOPLE OF JACKSONVILLE AND MORGAN COUNTY

On October 4th we started a campaign to raise \$30,000.00 for the purpose of standardizing the equipment of Passavant hospital, this campaign has not been completed, because of lack of time on the part of solicitors.

Many people have not been seen who are subscribers, and who are interested in this movement.

The treasurer of the hospital board, F. E. Farrell, reports that we have raised \$22,000.00 in cash and pledges, which leaves \$8,000.00 to be raised. A well known citizen has pledged \$500, provided we raise the \$30,000, which leaves \$7,500.00 the total amount to be raised. Knowing the great need for standardizing Passavant, we feel that the obligation of supporting this movement to a successful conclusion is directly up to the People of Jacksonville and Morgan County. Some have done their full duty in giving their time, and money, many have not, and we ask you, which class YOU are in? Are you good?

YOU satisfied with what you have done?

The campaign organization is intact, and will remain so, until we have reached our goal, of \$30,000. Some territory has not been thoroughly covered by solicitors but will be canvassed.

THINK THIS OVER, we need a small amount in comparison to the wealth of our county, mail your check to F. E. Farrell, treasurer, who will send you a receipt, this money goes for new equipment, we want your co-operation in concluding this work. Be a Booster, its for Your own good.

CAMPAIGN COMMITTEE.

WILL ERECT HOUSES

E. B. Wiswell sold the east part 110 feet of the Prof. Sanders property on East State street to Joseph DeGouveia who will erect some houses on the property in the near future. It is possible that he and Mr. Kennedy will arrange a court between them.

FORD CARS

Are owned by many who can afford to pay any price for the things they desire.

We have one to suit any person—The Sedan or the Coupe for real comfort in a weather use.

Touring Cars, Runabout and Trucks—all Ford products, are always bought because of their known value and their after economies.

**LUKEMAN & CONOVER
The Ford Men**

Mr. and Mrs. George Long 18 y w Mr. and Mrs. Andrew Road and son were up to the city from Franklin yesterday.

About Prices

Yes, it seems as tho prices have finally started down the hill, but we are sorry to say that as yet, we have felt no drop in anything we stock, with the exception of a few drugs that went soaring during the war. As it is now, nearly 10% of everything we get is, is advanced in price. We assure you it is most displeasing to say the least to have this state of affairs in existence just when you all are expecting thing sto be going down.

However, we have been anticipating a reduction of our prices and therefore we have not stocked up, as it were. This is of two-fold advantage to you. 1st—Tho you pay the latest price on the article you get here, you can be absolutely sure it is fresh stock. 2nd—When the drop in price does reach our stock, we will be the first to have the low price for you.

So you see it always pays to trade here, where FRESH goods and PROPER prices prevail.

RUSSIA'S COTTON INDUSTRY RUINED

Many Mills Will Never Reopen—Bolshevik Nationalized Industry.

London. — Russia's great pre-war cotton industry has suffered to such an extent during the revolution that it is doubtful whether many of the mills will be able to operate again, says Sir Charles Macara, an English authority in the world's cotton trade in an interview in the Yorkshire Post.

Based upon information obtained from an Englishman who recently returned from Russia, where for 14 years he was the manager of a large cotton factory near Moscow, Sir Charles estimates that of the 9,000,000 spindles running in Russia before the revolution not more than 200,000 or 300,000 are now operating.

The experiences of the English manager of the Moscow factory were told as an example of the methods employed by revolutionists in dealing with one of Russia's great industrial assets, the textile factories in the Moscow district. This particular mill carried on all the processes from cotton spinning to the finished product, 17,000 workers having been employed under normal operating conditions.

When the bolsheviks assumed power the whole cotton industry was nationalized. At every mill committees were formed and finally in October, 1919, a decree was issued that all who had been connected with the former owners would have to leave. With the experts gone, the mill stopped, after a time attempts were made to re-start it, but it was almost impossible to obtain raw cotton. Small quantities were obtained, which after being diluted with 75 per cent waste, was put thru the processes.

The machinery now is in a very bad state, in such a state, in fact, that it would be almost impossible

to operate the factory properly, according to the information given Sir Charles. Whenever machines are damaged, other machines are denuded of parts to repair them.

Sir Charles stated that there was little possibility of English workmen going to Russia for employment in textile factories. Mills in Germany and Austria were turning out only from 25 to 30 per cent of the normal production he said, and English workers faced the almost impossible task of making up for the four and a half years' stoppage of textile manufacture owing to the war.

NEW DEVELOPMENTS IN COMMERCIAL AVIATION

Reckless Acrobatics of Locklear Open Way for Important Developments in Aerial Commerce—Government Conducts Tests.

Chicago. — The reckless aerial acrobatics with which Omar Locklear startled the world until they resulted in his death recently in California have not been in vain, according to air mail service officials here, for they report Locklear's stunts have opened the way for important developments in commercial aviation.

Locklear's stunt of changing from one plane to another several thousand feet above the earth will be copied in the air mail service and by commercial aviation companies in changing sacks of mail, packages or pilots from one ship to another, thus enabling aerial liners to make long journeys without landing, officials say. Some believe that within a short time airplanes may even take gasoline and supplies in the air.

When one of the mammoth airplanes which aviators believe soon will be common flies over the control station, a smaller plane will come up to meet it, the officials explain, and by means of a long hook the large ship will take on baggage from the smaller ship, and speed on its destination. Eventually it is expected that this plan will be perfected so that fuel supplies can be transferred from one plane to another, making a non-stop coast-to-coast trip possible.

Pilots will change planes in mid air by means of a rope ladder lowered from one machine to the other, just as Locklear did, it is explained. The government has been conducting tests along this line for some time, officials here say, and one commercial aviation company is reported to be planning to put the scheme into effect within a few months in transferring mail.

LYNNVILLE SUPPER
The Illinois College supper at Lynnville will be held Monday evening, Oct. 18, at seven o'clock in the Christian church. Address by Dr. Olinger and good music.

SERIOUS FOOD SHORTAGE IN SPAIN

LISBON.—The government is trying to find a way to relieve the serious shortage of all necessary articles of food as the discontent of the people in face of the present situation is daily becoming more manifest. The problem is a difficult one as no sooner are the articles tabulated at a fixed price than they totally disappear from the market.

Officials were appointed recently to search shops and even the shopkeepers' private houses for the vanished foodstuffs including potatoes, oil, lard, rice, coal sugar and bacon. Many hidden stocks were seized and heavy fines inflicted on the transgressors. Later the searches have had practically no results and the strain of living assumes alarming proportions. Decrees have been issued by the government granting free transit and commerce through Portugal of rice and butter, two products which have been unobtainable. Free importation of rice, maize, potatoes and vegetables also is decreed.

In view of the utter lack of sugar to supply the population of Portugal, the government has forbidden, two days a week, the sale of cakes or pastry. Matches have reappeared on the market by intervention of the government after a period in which none was obtainable.

MILWAUKEE PLANS TO STRENGTHEN CLUB
Milwaukee, Wis. — With the re-appointment of Jack Egan as manager of the Milwaukee club of the American Association for the 1921 campaign, plans are already underway to strengthen the team with new players. Egan was well satisfied with the liberal terms made him by the owners of the club and lost no time in signing a contract. He has the nucleus of an excellent club to start with, but hopes to make a trade and perhaps purchase new talent.

ONE ARMED ATHLETE OUT FOR FOOTBALL
St. Louis, Mo. — Robert Allison, a one armed athlete from Blackburn College, Carbondale, Ill., is one of the 20 candidates for the freshman eleven at Washington University this year, making his bid for a place in the backfield. Allison, who lost his arm while working in a steel mill at Pittsburgh, Pa., played two seasons with the Blackburn football team, and captained both football and baseball teams there. He is a law student.

ILLINOIS COLLEGE NOTES

The Rev. Arthur F. Ewert, pastor of the Presbyterian church at White Hall, will attend the meeting of synod at Centralia as the special representative of Illinois College. He will make a brief address to synod on the plans and prospects of the college.

The Devotional Association recently elected the following committee: Ed Theis, '22, president, Alma Shuman, '23, Francis Thurmon, '22, and Marie Thomas, '22. Dr. Raymond H. Lacey has been appointed Faculty Adviser. A series of four meetings on the following phases of student life is now being given: The Social Phase, the Education Phase; the Religious Phase and the Athletic Phase. Special music has been planned for the services.

Lieutenant Perry, representing the war department, was a visitor on the campus Tuesday. The war department has greatly developed the educational phase of the work in the army and Lieutenant Perry is traveling among the colleges of the state to arrange for allowing credit in colleges for the educational work done in the army.

Dr. George E. Baxter, '96, of Chicago delivered an interesting address at the chapel exercises Friday morning. Dr. Baxter is among the most successful graduates of Illinois College in the field of medicine. His address was of great interest to the students.

James E. Hatfield, of Little River, Kansas, registered in the College during the past week. He is a member of the sophomore class.

Friends of the college throughout the county are busy making plans for the resumption of the endowment drive. Meetings have already been arranged at Lynnville, Litterberry and Waverly. Plans are under way for similar meetings in a number of other precincts. Dr. Stanton Olinger, who will help in the campaign, is expected to arrive some time on Monday. He has been spending the past week working in the interest of the endowment at Greenville, Tennessee. The committee which is to have charge of the county drive of the college will meet for luncheon and conference at the Peacock Inn Monday noon.

President and Mrs. Rammelkamp gave a reception to the new members of the faculty at the President's home on the campus Friday evening. The company includes all the members of the faculty and board of trustees. Mr. Quast of the conservatory faculty sang a couple of solos to the great delight of the company and Mrs. Moats, the wife of Professor Moats of the history department, gave a couple of readings which were greatly enjoyed. Dr. and Mrs. George E. Baxter of Chicago were among the out of town guests present.

Announcement recently was received of the marriage of Clara L. Doocy '14 to Mr. William Earl Mickey at Washington, D. C., on the 4th of October.

P. E. S. Brewer ex '15 was married on the 16th of last September to Lillian Lunsford at Cleveland, Okla.

Burton Long public sale, Oct. 20, 10:30 sharp; on farm 6½ miles west of Jacksonville, 1 mile north of Markham.

Ruth Daggett, bookkeeper at J. Hermans has resigned her position and will go to Peoria next week to take a similar position.

ILLINOIS HAS HAD TIME SELECTING LINE

Urbana, Ill. — Development of the line has proved to date a big problem of the 1920 Illinois football season. Followers of the team regard the backfield as far stronger than that the university had last year, but have felt that this advantage is offset to some extent by a weakness in the line.

Jack Watson, captain of the 1915 team and rated as one of the best linemen who ever wore the Orange and Blue, is helping with the line candidates, as is Lindgren and Belting, both former variety players. Watson was coach of the Utah Agricultural College team, 1917 champions of the Pacific Coast conference. He is taking almost complete charge of the forwards.

Is Your Kitchen Too Small?

YOU can make it "bigger" by installing the Leonard Hi-Oven Range—a range that gives you all of the cooking and baking capacity of the ordinary low oven range, but occupies from ¼ to ½ less floor space.

Think of it—only 36 in. x 36 in. Why be cramped for floor space on account of a big range?

But That's Not All—

The elevated oven is just the right height for convenience—no tiresome stooping, no backaches, no rush of hot air into your face every time you open the oven door.

The Leonard is a fuel saver—every heat unit is utilized because it must pass around the oven before it goes to the chimney. Oven heats more quickly than the oven of a gas range.

An excellent heater—warms the kitchen floor and keeps one or more additional rooms cozy with the fuel that does the cooking. Saves the use of an extra heating stove.

Oven heats evenly on all sides—no need to turn the baking.

Holds fire over night. Tight construction doesn't permit it to burn out quickly. Saves the muss and trouble of re-kindling.

Before you buy ANY range see the Leonard Hi-Oven—we have it in several handsome models

SPECIAL TOUR OF SOUSA AND HIS BAND The name of Lieut. Commander John Philip Sousa is a household word in every part of the civilized world, and he has certainly done more to educate the great masses in music than any other living man. Sousa's band music is different from other music because Sousa's instrumentation is more elaborate than that of any other band, and his resources for producing effects are much more elaborate than is usual with either bands or orchestras. This, together with the unequalled excellence of the individual players, is a reason why there is so much enthusiasm and enjoyment at a Sousa concert. Another and the main reason is, that the personality of Sousa himself so dominates the performances of the band that the results are beyond comparison, and makes the Sousa Style inimitable.

A special tour has been arranged for Sousa and his band thru Central Illinois to include the following cities which will be the only places that the band will be heard in the state outside of Chicago: Thursday Matinee October 21st, Lincoln Square Theatre; Thursday Night, October 21st, University of Illinois Auditorium, Champaign; Friday matinee, October 22nd, Chatterton Opera House, Bloomington; Friday night October 22nd, Majestic Theatre, Peoria and Saturday matinee and night October 23rd, Illinois State Arsenal, Springfield. Mail orders sent to any of the above named cities to the theatre, auditorium or arsenal where Sousa is to play, will receive careful attention.

Monuments I have a large stock of finished monuments and Markers in stock. The most popular of which is the famous

Montello The most beautiful, strongest and most enduring granite in the world. Buy of me and save agent's commission. I have no agents. JOHN NUNES 600-605 North Main St. Ill. —Phones—Bell 109

NU-BONE CORSETS Stays bend edgewise as well as flatwise, thus making it possible for the body to assume any position without discomfort. Furthermore they have powers of lengthening and shortening which not only insure pleasing unbroken lines but prevent the stays from pushing through the cloth of the corset.

Nu-Bone Corsets are made-to-measure; also kept in stock. Call, write or phone without obligation on your part for information or appointment. Satisfaction guaranteed. MRS. ELLEN BOBBITT 214 N. Church St. Bell 467 Ill. 50-1547

CORD TIRES THAT CAN'T PUNCTURE

THERE'S only one really puncture-proof pneumatic—the Lee.

Users of Lee Fabric Puncture-Proof Tires urged the making of a Lee Cord Puncture-Proof. Car owners generally hoped for its coming. Endless experiments to combine the exclusive Lee Puncture-Proof feature with Cord construction were finally successful. Then, before the tire was offered to the public it was subjected to 18 months of continuous heart-breaking road tests to prove that Cord economy and Cord resiliency were preserved.

Tread troubles—so common to Cord tires—were practically eliminated; the tread became as strong and long-lived as the rest of the tire.

They're here now—Lee Puncture-Proof Tires—Fabric or Cord—each alone in its class.

Cut the cost of mileage with Lee Puncture-Proofs.

FRUIT SHOWER IS GIVEN AT WAVERLY

Social Event Took Place at Home of Miss Lena Hodgerson—Household Science Club Met—Other Items.

Waverly, Oct. 16.—A fruit shower was given Tuesday evening at the home of Mr. and Mrs. Geo. Alderson for Miss Lena Hodgerson who is soon to become the bride of Mr. Allen Deeter.

Mrs. J. H. Hughes attended the concert given by the Cincinnati Symphony orchestra in Springfield Wednesday evening.

The Household Science club met with Miss Edith Sandley Thursday afternoon.

Clarence Wemple is spending a few days in Chicago.

W. L. Ashbaugh of Benton is spending a few days with his family here.

Mrs. Nellie Bradford returned from Columbus, Ohio, where she

visited her son, Owen and family for several weeks.

Mrs. Ella Styles of Chicago is visiting her parents, Mr. and Mrs. Edwin Batty.

Mr. and Mrs. C. C. DeForest left recently for a visit with relatives in Ohio and Kentucky.

Mrs. Anna Swift has gone to Alton for a visit with her daughter, Mrs. W. T. Dale and family.

LITERBERRY BAPTIST LADIES AID MEETS

Interesting Session Held at the Home of Mrs. John Guy—Program and Decorations Were in Keeping With Halloween Season.

Literberry, Oct. 16.—The Ladies' Aid of the Baptist church met on Thursday afternoon at Seven Gable with Mrs. John Guy and daughter, Eleanor. Twenty members were present, and some visitors.

The program follows: Opening song, "In the Garden," Victrola.

Scripture Reading—Mrs. W. W. Young, Matthew 9.

Song by the Victrola—"When I Look on His Face."

Mrs. J. E. Underbrink read the beautiful "Autumn Prayer," while all reverently bowed their heads.

Song—"Draw Me Nearer."

Reports from the different committees, were all good. The report from the chicken fry committee was as follows:

Amount of sale \$379.84
Expenses 140.43
Balance 239.41

It was voted to renew the pledges given a year ago in sending the required amount of money to the adopted French orphan boy.

Mr. Bancroft's proposition of a banquet to be given in advertisement of Illinois college, was well received and the vote carried to furnish the supper the 19th of October, 1920, at the Baptist church basement.

All persons interested are expected to be at the church on the morning of the 27th (Wednesday) to take part in cleaning the church.

There will be a home coming and rally day in the near future, at the Baptist church, time to be set by the superintendent of the Sunday school, Mrs. Guy.

An offering of \$3.26 was given and the meeting closed. A short hallowe'en program, arranged by Mrs. Guy, was carried out. A very pretty ghost suddenly came upon the crowd, with greetings unlike any we had heard of before.

Mrs. Ghost finally took her stand in the south parlor, drew her beautiful white draperies around her and prophesied the future life of several of our members, twenty years hence. The prophesies were all good and we would be glad if some of them would take place now instead of so many years to come. Just as this fair lady retired, the witch appeared. Her name came in with a flourish, making a clean sweep with her broom, looking for cobwebs in all the corners. She was a witch of few words, and her voice was sepulchral and earnest, while she invited all the ladies to follow her into the dining room and hear her fortunes. Every lady had her fortune told by this wise witch and all were pleased with a peep into the coming years. After Mrs. Ghost and Madame Witch retired, the hostess served a two-course luncheon which was of the very best.

The rooms were beautifully decorated in colors suitable for this occasion, the living room, being all dolled up in cut out figures of black cats, bats, witches and owls, pumpkins also were part of the decorations and near the parlor doors stood a full sized ghost looking very pale and pretty, but very quiet. Every one was pleased with Mrs. Guy's entertainment, and all had a fine time.

The next meeting will be with Mrs. Clarence Thompson when Thanksgiving will be the support.

ILLINOIS WOMAN'S COLLEGE NOTES

The first recital of the faculty series will be given October 25th at 8:15 p. m., by Henry Ward Pearson, organist. Director of the College of Music. Mr. Pearson has prepared for his first recital numbers of unusual interest and music lovers welcome the opportunity of hearing in recital an organist of such attainments.

The Artists Series is receiving enthusiastic support both from the college and the community. Margery Maxwell, soprano, will give the first recital of the Artists' Series Oct. 29th at 8:15 in Music Hall.

Miss Maxwell is one of the most popular sopranos now available. Despite her youth, she has attained for herself a place among the best musical artists of the county. Touring with the Chicago Opera Co., for one season, Miss Maxwell's singing created a real sensation wherever this group of artists appeared.

During her engagements with the Chicago Opera Association in Chicago and New York she secured an individual success, gaining instant favor with the opera-goers and the commendations of the critics, who praised her work with the Ravina Opera Company during the summers of 1919 and 1920 and scored a operatic triumph.

Miss Clara C. Moore was in Chicago the past week on business.

Director Pearson has recently received for the College of Music a complete set of records of the Seashore Tests for Musical Efficiency.

Miss Terhune, pupil of Mrs. Forrest, sang at the Centenary church Sunday morning. Miss Larimore, of the faculty, is organist at this church.

The first monthly practice recital of the Children's Department was held Saturday morning under the supervision of Miss Belle Mehus.

WENT TO BOTTOM AND WORKED OUT

Declares the New Medicine Drego Has Benefited Her Very Much—Relieved Constipation, Backache, Nervousness and Gas in the Stomach.

"I have received splendid relief from catarrh of the head and nose since taking Drego, and have also found that it has built up my system in general," said Mrs. Lena Imgrund, living at Oakwood, Ill., near Danville.

"I noticed that I'm not stopped up so bad in the morning and my headaches have left me. Drego has also acted very pleasantly on my constipation, relieved the gas in my stomach and overcome the dizziness from which I've been bothered. In fact my whole general health is better and I strongly endorse Drego as being a splendid tonic."

It is noticed after taking Drego that the digestion improves, gas stops forming in the stomach, that full, choking feeling ceases, and the entire system seems rejuvenated.

Drego being made from natural herbs, juices and extracts, acts on the vital organs in a natural way, causing them to lay aside their sluggishness and perform their proper duties. That is why the results from Drego are lasting. It does not just excite the organs to temporary activity but gives them tone and strength to continue their work.

All druggists now sell Drego and it is being especially introduced in Jacksonville by Coover Drug Co.—Adv.

CAN'T EXPRESS HER GRATITUDE

Peoria Woman Says Tanlac Has Entirely Relieved Her Ten Years of Suffering.

"All the pleasures of life were denied me by suffering and the thoughts of my hopeless condition, but Tanlac has relieved me of all my troubles and I don't believe there's a more grateful person living," said Mrs. Thomas O'Connor, 419 Hamilton street, Peoria, Ill.

"For more than seven years," said Mrs. O'Connor, "I was in terrible agony with rheumatic pains in my legs, and my arms ached so bad that I could hardly keep from screaming. I had pains throughout my whole body, and I didn't get a good night's sleep for years. I had no appetite and whenever I did eat a little something, I would have cramps in my stomach. Gas formed on my stomach and pressed up thru my chest and often became too dizzy to stand. I got so weak I couldn't do my housework, and never expected to be well again."

"My husband got me a bottle of Tanlac and when I had finished it I was so far on the road to recovery that it only took six more bottles to make me feel like a different person entirely. I never stomach is in good condition, and feel a sign of rheumatism, my I can eat steak, pies or anything else I want without ever being troubled with gas, shortness of breath or indigestion. I sleep like a child and I'm so full of strength and energy that I never tire in doing my housework and just can't express my heartfelt gratitude to Tanlac."

Tanlac is sold in Jacksonville by Coover Drug Co., and J. F. Shreve, in Franklin by J. Earl Mills and in Mercedia by J. L. Tusher.—Adv.

CONSERVATORY NOTES

At the reception given by President and Mrs. Rammelkamp for the new faculty members Friday evening, Oct. 15, Mr. Quast sang a solo, accompanied by Mr. Munger.

Mr. Kritch, Mr. Quast and Mr. Munger attended the evening concert given by the Cincinnati Symphony Orchestra in Springfield last Wednesday, Oct. 13th.

Most of the members of the Conservatory Faculty, as well as a large number of Conservatory students, expect to attend the performances of opera in Springfield on Wednesday and Thursday evenings, Oct. 20 and 21.

Miss Ruth Melba Armstrong will sing solos at the County Teachers' meeting in the David Prince school Friday, Oct. 22.

The Girls' Glee Club is holding regular rehearsals weekly and is making progress with some most interesting par songs, both accompanied and a capella. Mr. Quast has charge of the Glee clubs as well as the chorus.

THE SECURITY BEHIND Good Preferred Stocks

THE word of a strong man is worth many times the bond of a weak one. It is not the form of security which counts so much as the worth of the issuer thereof.

PREFERRED Stocks of concerns well managed, long established, prosperous and developing, without a dollar of funded debt, are often as conservative as the best industrial bonds. For example:

KENFIELD-LAMOREAUX COMPANY—7% Preferred Stock, participating up to 10%. This company is one of America's leaders.

Write or call for booklet "120," a reliable guide to safe investments yielding 7% or better.

LUXURIANT HAIR FOR YOU?

Worry no more about your hair, Miss Mrs. or Sir! There's a hair elixir that is altogether different from the scented lotions, emulsions and waxes. It is Kotalko, discovered by the Indians, compounded from the Three Kingdoms of Nature incl. 12 ingredients, one being genuine bear oil. Marvelous in fertilizing hair, for dandruff, weak hair, grey-turning hair or baldness.

Kotalko, FREE BOX to You

No matter what condition your hair is in—do not despair. Kotalko is compounded on the principle that aided Nature in giving Mr. Brittain full growth of hair when bald (see picture) and it is doing wonders for others—men, women and children.

The embelcation is great when a person goes, after all she has failed, that Kotalko is just what Nature needed as also in producing a splendid growth of hair.

You may now obtain the genuine Kotalko under \$100, guarantee at the drug store or at toilet goods or drug counters of a department store. Or, if you wish first to give Kotalko, send for a Free Box which will come to you by mail FREE if you enclose only 10 cents, silver or stamps, to pay for this notice and mailing; none sent otherwise.

Satisfy yourself. You want to stop itching hair, eliminate dandruff, strengthen and develop renewed growth of strong and silk-like hair, or cover that bald spot with hair. Obtain KOTALKO NOW, apply once or twice daily—watch for your mirror!

The Aristocrat of Electric Washers

The Laundry Queen with the Copper Tub

Washes and wrings at the same time, wrings out of one batch of clothes while another is being washed—washes twice as fast as other machines.

The washing mechanism moves into your rinse and blue tubs and does all that work. The wringer swings over the different tubs so you need never shift or lift a tub until the wash is out.

And the cost to operate this washer is less than burning a 75-watt lamp because of its planetary gear transmission and it has one of those Emerson motors; the ones with the 5 year guarantee.

Ask your neighbor; she has one. Mesdames Phillip Griggs, E. H. Doolin, J. C. Walsh, S. G. Chumley, J. O. Priest, Louis Mastropietro, W. F. Thompson.

Step in and let us show you one of these wonderful machines, a copper tub washer, for \$115.00. Think of it.

TUNNEL UNDER HUDSON RIVER IS COMPLETED

Construction of Vehicular Tunnel Will Require Four Years and Cost Approximately \$29,000,000—Ceremonies Mark Beginning of Work.

New York, Oct. 2.—Construction of a vehicular tunnel under the Hudson River between New York and Jersey City starts today with the breaking of ground for one of the tube's big shafts. State, county and municipal officials from both states have been invited to participate in the ceremonies in Manhattan this afternoon.

Engineers expect to complete the structure by 1924. The cost, estimated at \$29,000,000, is to be borne equally by the two states. Shore works, including shafts and approaches, will require 18 months to construct, after which actual work of boring under the river is to begin.

Continued congestion at the ferries between New York and New Jersey prompts the belief of tunnel engineers that 5,600,000 motor and horse-drawn conveyances will use the tube in 1924, with traffic showing a steady increase, reaching an annual figure of 22,000,000 vehicles by 1943. Tolls based on the ferry rates will be levied for 20 years to pay for the tube, and then it would be free for the use of all.

Four driveways, two in each direction, will be provided. A sidewalk, two feet in width, also is planned. The tunnel, comprising twin cast-iron tubes each with an external diameter of 29 feet, will be six feet wider than the Pennsylvania Railroad tubes under the Hudson East River.

Traffic blockades, now common on ferries, would be precluded by providing at each end of the tube derrick-equipped trucks to take stalled automobiles in tow. Three driveways in each direction will be furnished on the approaches, because slight inclines there are expected to slow down the movement of the vehicular queues.

Ventilation to rid the tunnel of carbon monoxide gases from automobile exhausts will be furnished by four large shafts and also by an air duct under the roadway and an exhaust above. Smoky vehicles circulate poisonous gas freely in closed places but chemists working on the tunnel ventilation system estimate that at the highest point of saturation there will be only 3-1-2 parts of carbon monoxide to 10,000 parts of air in the tube. It requires 8 parts of the gas to 10,000 parts of air, they figured, to give a man a headache.

Galveston, Texas, Oct. 15.—South America has got acquainted with the Middle West and the gauches of the pampas have begun to order "cowboy clothes" from Chicago mail order houses, according to Ed Lewisohn, a "business scout" of a Chicago implement concern. He has just arrived here from a tour of investigation of Brazil, the Argentine Republic, Chile and several other Latin-American countries.

Y. M. C. A. NOTES

What does it profit a community to gain wealth and lose its own boys?

Y. M. C. A. proves it is not "impossible" to raise money now. To complete all payments and deficits during the war period and increase its projects \$15,000 was sought by ten teams of 100 men, including the mayor, city judge and leading editor. In four days \$15,600 was pledged and more is coming. Criticism talk, Has-kott declares, is a delusion and a snare, and adds: "The most gratifying thing of my twenty-five years of secretaryship was to note the friendly feeling and interest." It was done without outside aid.

Williamsport, Pa., is setting up its big campaign for October to secure a \$200,000 building.

Of the entire cost of operating Chicago's many plants, which was \$2,943,343, but \$243,179 was asked of the public in 1919, which also gave \$129,100 as that city's share in the work outside Association agencies. For 1919, Chicago reports 19,453 members, altho it boasts a total of 42,144 different paid members; 235,729 at gym classes, 3,720 enrolled students, 1,190,794 attending educational talks and lectures, 3,224 positions filled, 3,645 was its average daily use of dormitories, 181,184 its total attendance at entertainments and social events and 156,454 attended religious meetings and Bible classes.

"Come into our shop with your full recreational program," was the invitation received by Chicago West Side Y from a big plant when approached by the Association for permission to conduct a program for the workers. Games, shop talks, organized leagues and more pep and good will are now the order of the day at this shop.

Country boys belong to the Memphis City Association at a reduced rate. From seven small town high schools come, one day each week, 40 students to play basketball in an eight-team county league. They bring their rooters and lunches, to which the Association adds hot coffee. In vacation months these boys are welcome whenever they visit the city.

South Dakota is organizing Associations with full equipment. At Aberdeen a project called for \$175,000. The amount was over-run by \$60,000, making \$225,000 pledged and a \$10,000 lot given. There were 2,600 subscribers. "The town of 16,000 people was stirred as never before," reported H. J. Schmidt, leader. There was one gift of \$10,000, four of \$5,000, ten of \$2,500, 48 of \$1,000, 70 of \$500, 103 of \$250 and 360 of \$100, besides 1,950 smaller gifts. A leading business man declared with tears running down his cheeks: "I have been out of the church for 25 years and did not know there was so much religion in the world as I discovered in this campaign."

Augusta is organizing the Association building campaign for \$250,000 declared: "We have learned how to do big things. We have been a long time learning our lesson, but we have learned it well indeed. Augusta has been born again." In this Georgia city of 18,000 white people, \$100,000 was given in \$1,000 gifts and above.

Many of us remember how the young Free Kirk minister in "The Bonny Brier Bush" was led by his mother's memory "to say a good word for Jesus Christ" in his first sermon. Of all that human lips could utter, there surely is nothing greater or more good to hear. The world-permeating influence of Christianity rests, after all, not upon any philosophy skillfully adapted to modern thought, but upon the simple confession of human lips that the faith of Jesus Christ is a power that redeems life, that it yields life at its best. Where this testimony dies out, there Christianity ceases to be the real thing, and presently becomes a pretentious shadow of its true self. Where it is spoken with the earnestness of genuine conviction, there it is like a spreading fire, whether the speaker be brought up like Phillips Brooks in the best American culture, or like Gypsy Smith, in a wandering caravan. — Henry Kingman.

FRANK ROCKWOOD

PREPARE TO TAKE CENSUS OF CANADA

Ottawa, Ont., — With preparations under way for taking the census of Canada, the government Bureau of Statistics estimates the population of the nation at 3,750,000. It is believed the census will prove this estimate approximately correct though some optimists place the population at 10,000,000.

This will be the sixth enumeration since confederation in 1870. The growth of Canada as shown by the former counts has been as follows:

1871	3,689,257
1881	4,324,810
1891	4,833,293
1901	5,371,315
1911	7,206,643

Three-fourths of Canada's population is in Ontario, Quebec and the Maritime Provinces. Not more than 2,500,000 people, it is estimated are west of the Great Lakes.

The trend of present immigration is reported strongly toward the West.

CHAPIN CLUBS HAD AFTERNOON PARTY

Household Science and Woman's Club Give Party for Mrs. Rena French Kessinger — Other Chapin News Notes.

Chapin, Oct. 16.—The Household Science and Woman's clubs had an afternoon party Thursday for Mrs. Rena F. Kessinger of Rome, N. Y., at the home of Miss Amy Onken, as an appreciation of her gift to the community. The afternoon was spent with music, games and social conversation. A two-course luncheon was served in the latter part of the afternoon. The guest of honor was presented with a bouquet of Russell roses.

Henry Perbix went to Brunswick, Mo., last Sunday on business.

The dedication of the community high school will be held on Friday afternoon, Oct. 22.

The Chapin Woman's club was delightfully entertained by Mrs. Geo. Antrabus on Tuesday afternoon with twelve members and two guests present.

Roll call was responded to with current events. The usual business session was held. Mrs. Gustav Onken read a very interesting story and Mrs. Elmer Sides had a paper, "The Efficient Man in His Home and Community," which was also quite interesting. During the social hour the hostess served a two course luncheon. The next meeting will be held Oct. 26 with Mrs. Andrew Allen.

Mr. and Mrs. Andrew Allen had as guests last Sunday Mr. and Mrs. Gason and son of Winchester and Mr. and Mrs. Bernard Allen of Versailles.

Mr. and Mrs. Grover Smith spent the day Sunday in St. Louis. Robert Bridgman and family of Jacksonville spent Sunday with relatives.

Mr. and Mrs. Frank Glover and family and Mr. and Mrs. Edward Nergel motored down from Beadstown last Sunday to visit with relatives. Jacob Hoover has gone to Indiana to visit with relatives whom he has not seen for fifty years.

Mr. and Mrs. C. F. Danford and children have been visiting relatives in Pana, Ill., St. Louis and other places the past week.

J. M. Wimberly, Will Filson and Opal Blair went to Hannibal, Mo., Tuesday with the D. O. K. K.

Mrs. Charles Lettze has been enjoying a visit from her sister, Mrs. Chapman of Winchester, the past week.

Mr. and Mrs. Harrison Robinson and daughter of Petersburg visited over Sunday at the home of T. Fox.

Alvin Smith and family spent Sunday with home folks.

Mr. and Mrs. Albert Trefzger of Peoria visited at the home of John Onken the past week.

Friends of Mrs. Geo. Cain will be glad to know she is improving at this writing.

Mrs. Gover Smith received word of the death of her brother, Ernest Stanforth in Valier, Ill. Death was due to typhoid and pneumonia.

M. and Mrs. Fred Craven visited at the home of Dr. Jones in Woodson, Sunday.

Good Business Judgment IS NOT OFTEN FOOLED BY

Bargain Prices

Most men that own automobiles have good average business judgment, so most tire buyers can see the reason behind the

CUT-PRICED TIRES

They know that if the quality of a tire was right, the demand for the tire would make it unnecessary to offer it at a cut price. You never know the real cost of a tire until it has delivered its last mile of service. I have always carried a line of cheaper tires to meet this first-cost tire business. But I am not telling you that this line is the tire for you to buy. Good reliable tire manufacturers don't have to revert to cut prices to sell their tires. Don't worry too much about a

BARGAIN PRICE

If you want them I have them. Just be sure the name is right and the real price, the final cost price, will take care of itself.

"A skin you love to touch"

You, too, can have this charm

No matter what other charms you have, they count for little unless you have the greatest of all charms—a clear, fresh skin.

An authority on the skin has said: "Whatever your difficulty is, you can remedy the trouble, if you will only give your skin intelligent care and attention."

The following treatment brings the blood to the surface and stimulates the small muscular fibres. Begin it tonight and see how it will improve your skin.

Just before retiring, wash your face and neck with plenty of Woodbury's Facial Soap and warm water. After rinsing your face with warm water, rub a fresh lather of Woodbury's into your skin, using an upward and outward motion. Do this until the skin feels just a little sensitive. Then

rinse the skin well in warm water, then in cold, finishing by rubbing for thirty seconds with a piece of ice. Always be careful to dry the skin thoroughly.

Make this treatment a regular habit, and in a much shorter time than you would imagine, your skin will take on the greater loveliness that it can have.

Get a cake of Woodbury's Facial Soap and begin tonight the treatment your skin needs. You will find Woodbury's on sale at any drug store or toilet goods counter in the United States or Canada. A 25 cent cake will last a month or six weeks.

MAKING UNCOOKED PORK PRODUCTS SAFE FOR FOOD

Hygienically, the custom of eating uncooked pork and pork products is regarded by medical specialists as very much to be discouraged; but the toothsome summer sausage, smoked sausage, pepperoni, pickled sausage, and a number of other dainties continue to tempt the American public to defy the physicians.

Facing this situation, the United States Department of Agriculture has conducted a long series of experiments to ascertain what treatment, other than cooking, will thoroughly destroy trichinae and render the foods safe for consumption. The result of the experiments is made public in Department Bulletin 880, just issued.

The experiments proved of double service. In addition to fixing the safety point in the various methods of curing pork without cooking, they cut down the time consumed in the processes in some cases as much as five days, permitting considerable saving in the cost of manufacture.

Effects Little Known.

Prior to these investigations comparatively little was known concerning the effects of processes used in curing pork upon the vitality of trichinae, which cause the dread disease trichinosis.

It has been assumed as a governing principle, that the consumer is himself responsible for the proper preparation of fresh pork and pork products that are usually cooked before eating, but that the manufacturer is under obligations to make sure that pork products sold as cooked products are properly cooked, or, if of a kind customarily eaten without cooking, to make sure that the products are free from live trichinae.

In the Federal meat inspection regulations it is therefore provided that products cooked in establishments under the inspection must be cooked in accordance with methods approved by the Bureau of Animal Industry, and further that products containing any raw muscle tissue of pork, if of a kind prepared customarily to be eaten uncooked, must either be subjected to sufficient heat to destroy the vitality of trichinae or must be subjected to some other process which would accomplish the same purpose.

New Methods Devised.

Most of the department's experimental work was carried out in cooperation with certain meat-packing establishments in Chicago. The investigators selected the methods of preparing pork without cooking that seemed likely to be efficacious in destroying trichinae and at the same time suited to practical requirements of manufacture. Several new methods were devised.

These methods were tested by preparing the products from trichinuous pork and then feeding the finished product to experiment animals to see whether the trichinae survived. Detailed records were kept of every step of the process.

The investigation shows that pork products of the kinds customarily eaten without cooking may be rendered safe for consumption, so far as trichinosis is concerned, but that it is necessary to follow a special curing process adapted to each. Salt is an essential in most of the processes.

Sausages of moderate size have been rendered harmless by mixing not less than 3-13 pounds of salt with every hundred-weight of meat, followed by preliminary curing and then by drying. After the salt has been introduced, the sausages must be dried at least twenty days in a temperature not lower than 45 degrees F. A period of five days is allowed for preliminary curing, which may be curtailed, provided the time in the drying room is correspondingly increased.

In the case of pepperoni, which are sausages subed in long, narrow, thin casings, it was found feasible to reduce the curing period to 20 days, of which at least 15 days must be given to drying.

Smoked sausage may be rendered harmless by being subjected to a preliminary cure and then smoked at temperatures ranging around 80 degrees F. for 40 hours, followed by drying for 10 days. Sausage smoked at a temperature of 125 to 130 degrees F. for a relatively brief period, following a preliminary curing period of 6 days, is rendered harmless without subsequent drying.

Two Methods For Ham.

Hams are rendered free from trichinae by two methods. One is to cure them with dry salt—4 pounds or more to the hundred-weight—for a period of 40 days, and then smoked or pale-dried for 10 days at a temperature not less than 95 degrees. The second method is to cure them on the basis of 3 days for every pound of meat, followed by 48 hours of smoking at a temperature of not less than 80 degrees, and finally by 20 days drying at a temperature not lower than 45 degrees.

Salt and suitable temperatures are the principal means of destroying trichinae. The former gradually undermines the vitality of the parasites, probably by withdrawing water from their tissues, and also perhaps by direct toxic action. Salt furthermore lowers the resistance of the larvae to heat and thus renders them susceptible to temperatures which otherwise would not prove fatal. Drying is also a decided factor in bringing about the destruction of trichinae.

MANCHESTER.
